NEWS FLASHES

From Prison Camp

By HAMILTON SMITH Here is the news from the State Prison Camp 1009:

A softball league has been organized through the cooperation of the prison officials. The league is composed of camps in the western part of the state. The team here has won one, and lost two. The games have all been very close. The scores for the three games are. The first game was played at Whittier with a score of 10 and 11, Whittier winning. Franklin won the second 9 to 7 on the home field. Whittier won the third game 3 to 2 after hard playing by both teams. We have some fine players and believe that we will come out on top at the end of the season.

I am very sorry to report that Gene Gray, our star back stop, has not been able to play for the past few days, due to an injury of the right leg. He is steadily improving.

The boys feel they will greatly miss Charlie Braswell who will be discharged July 28. He is well liked by all the boys and always has a word of good cheer for each one. Charlie intends to enlist in the British Army for the duration of the war against Adolph Hitler. He is one of the camp barbers, but Willie Whitley is standing by to take his place. We hope to hear great things of Charlie in the near future and believe we will.

I believe the boys in the rock quarry will offer three cheers to the person or persons who will invent a silent drill.

We certainly appreciate the vocational program that has been started under the able direction of Mr. E. N. Evans. The boys have taken a great interest in the program and are learning fast. All the boys admire and like Mr. Evans very much. I believe the program will be more than successful.

If you would like to see our team in action, come out any Sunday afternoon. I promise you will see some good clean sport. You are cordially invited.

That's all for this week folks. More Camp Flashes next week.
