

Production Credit Ass'n. Meets January 28

The annual meeting of the Asheville Production Credit Association, which extends a short-term credit service to farmers of the sixteen Western North Carolina Counties, will be held on January 28, 1942 at Asheville in the courthouse, at 10 a. m.

Mrs. T. H. Fagg, secretary of the Macon Insurance Agency, is the representative in this county.

E. V. Ammons Excels In Poultry

E. V. Ammons in the Rabbitt Creek community has proved that poultry that is fed and cared for properly will furnish a nice income as well as helping the defense program, according to S. W. Mendenhall, county agent.

During the month of December Mr. Ammons fed 239 birds, 900 pounds of mash, 111 pounds of grain and his surplus milk at a cost of \$57.53. From these birds he secured 389.5 dozen eggs at a value of \$162.15 or a net profit of \$104.62. The average production per bird was 19.5 eggs at a cost of 14.9 cents per day.

Crop And Feed Loans Now Available

Emergency crop and feed loans for 1942 are now available to farmers in Macon county, and applications for these loans are now being received at Franklin courthouse by S. R. Griffin, Jr., field supervisor, of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

These loans will be made as in the past to farmers whose cash requirements are relatively small and who are unable to obtain from other sources including production credit associations loans in amounts sufficient to meet their needs.

The loans will be made to meet the applicant's cash needs in preparing for and producing his crops, or in purchasing or producing feed for his livestock. Mr. Griffin pointed out that eligible farmers desiring to do so might apply now for loans to take care of their production needs for the entire 1942 season. Interest at the rate of 4 per cent will be charged only during the period the borrower actually has the use of the funds.

Farmers who obtain loans for the production of cash crops are required to give as security a first lien on the crops financed, or, in the case of loans for the purchase or production of feed for livestock, a first lien on the livestock to be fed.

Our Boys Want Books!

Here is something valuable that almost every home can do for the Soldiers, Sailors and Marines—many of them our own boys, who are now in forts, camps, posts, stations and on ships.

When not on duty, the mounting thousands of this nation's men in uniform need books. All sorts of good books. Books to study, books to read for recreation, for enjoyment, for knowledge.

Books for Our Defenders

Many homes have the books on their shelves that they are not using. In most homes there are text books not needed. The new book you have just read can be passed on to a hundred boys with hungry minds waiting for the hour of action and, perhaps for battle.

Do You Want to Help These Men of Ours in Uniform?

Here's the way to do it . . .

"KEEP 'EM READING"

Books may be brought to the office of the Superintendent of Education in the courthouse or they will be sent for on request of the donor.

Give Away Books You Want Yourself

Good Fiction, Books of Adventure, History, Travel, Humor, Mystery, up-to-date school and college text books, especially English and mathematics; texts in present use in law and medical schools, technical, illustrated, geography, psychology, Military and scientific publications.

Books in bad condition and scientific books earlier than 1935 not requested.

Listen For Spot Announcements and Programs Over NBC and CBS.

Boy Scouts, Girl Scouts, Civic Organizations, Church and Social Groups, are Requested to Cooperate to Collect Books
