Miss Marie Neely of Highlands was one of three piano soloists to receive a "two" honor rating in the western district music festival and contest held in Asheville last Saturday. The judge in the piano contest was Kenneth R. Osborne of Davidson college. Prof. Osborne advised the three piano contestants to continue their study of music, and commended Miss Neely very highly on her steadiness of rhythm, fingering, understanding of composition and expression.

Mrs. O. F. Summer, who has been Miss Neely's music teacher for a number of years, was present for the performance and expressed herself as being very much pleased with the poise and confidence exhibited by Miss Neely, as well as with her high honor rating, since, according to classification in the piano contest, a "one" rating meant excellent; a "two" rating very good; a "three" rating good, and a "four" rating average.

Food for Freedom . . .
Food for Victory . . .
Forwar-r-r-d, March!

The American farmer shouts, "Come on. Let's go!"

More milk, more pork, more eggs and poultry; more fruits, vegetables and vegetable oils . . . These are foods America needs — and foods our Allies need. These foods from American farms will help to win the war on every front.

In every state of these United States farmers are now enlisted in the greatest food production program the world has ever known — the Food for Freedom program organized by the United States Department of Agriculture.

Your nation's call for food has brought an overwhelming response. Your promise to meet your food production goal, puts you literally on the fighting front. Now food will flow from your farm—from every farm — so that every American fighting man, every American war worker and civilian, can have the strength-building foods that victory requires.

Beyond our own huge war-time needs, we are pledged to deliver to Great Britain vast quantities of milk, pork, eggs, poultry, fruit, vegetables and vegetable oils. These are foods

her people need so they can fight and work shoulder to shoulder with us.

Food for Freedom . . . Food for Victory!

Now is the time to get your farm ready. Careful plans must be made and made NOW. This is almost your last opportunity to get your implements in shape. This is the zero hour for getting all set to produce the foods that will help us and our allies smash through to victory and peace. Food is a big gun in this war. Food will win it.

It will break the enemy down. Foods which you produce on your farm are just as vital as planes, ships, tanks.

Your own farm goal is a vital link in a great chain of effort. No chain is stronger than its weakest link. That's why what you do, on your farm, is so everlastingly important.

The office of the Macon County Farm and Home Agents are proud of the response that the majority of the farm families of the county have given to the food for freedom campaign. However, there are still many families who are making no plans to produce the essential food and feed for home use. We are asking that all neighborhood leaders help us to encourage those families in their neighborhoods who do not realize how serious the situation is to produce all the necessary food and feed stuff for home use.
