

WANTED!

Enlistment of Every MACON CITIZEN

VOLUNTEER

To Invest 10 Per Cent of Your
Income In
WAR BONDS AND STAMPS

★ "War is never cheap, but let me remind you it
is a million times cheaper to win than to lose." ★

HENRY MORGANTHAU, JR.
Secretary of the Treasury

Millions Under Arms -- Billions of Dollars Needed

As millions of our men stand ready to fight under the flag of freedom, there must be
billions to pay for guns, tanks, ships, planes!

Invest Your Savings For Victory

As this nation girds itself for all-out war effort, you can serve by pledging your work
and savings

I Pledge: That I will invest in Savings Bonds (Stamps) for the duration of the War so long as I am financially able to do so.

The week of May 4 to 9 has been fixed by the Secretary of the Treasury as the time for the nation-wide campaign to secure individual pledges to buy specified amounts of War Bonds and Stamps either weekly or monthly.

In that week everybody will be asked by a solicitor to sign such a pledge. We urge everybody to consider now just what amount he or she can buy, and to be prepared to make the pledge when solicited.

The pledges are purely voluntary and are subject to any change in financial circumstances. If at any time you should find

yourself unable to meet the pledge, you will not be reminded of it, nor will you receive any communication about it.

The solicitors here will be citizens of this county. They are doing this job out of a desire to be of service in the war effort and to the nation in its hour of peril. Help them by making your pledge at the time of their call.

If you are already buying Bonds regularly, the pledge need not increase or change your program. The Government merely wants and needs to know what it may expect as income each month.
