Myra Slagle Is Health Champion With Perfect Score

Myra Slagle, daughter of Mr. and Mrs. Carl Slagle, has again brought honor to the 4-H clubs of the district—this time being chosen health champion of Western North Carolina with a perfect score of 100 per cent, given her by Dr. W. N. Sisk, district health officer, at Asheville last week. Chosen with her in this contest as the boy champion was Burnice Carter of Democrat, whose score was 98 per cent. This qualifies them to enter the state contest in Raleigh for State king and queen of health.

Last year Myra came out second in the contest which was won by Emma Lu Hurst who later won the state contest and went to Chicago to the national meet of 4-H clubs as North Carolina health queen. Commenting on Myra's championship, Mrs. Sherrill, home agent, said, "We are overjoyed that this time Myra has made the top with a perfect record. She has come so near it before, and has always been such a good loser. Last year she worked as hard for Emma Lou as if she had won first place herself."

Here is the record of Macon's latest champion:

County Health champion twice and clothing champion once. Has attended 4-H club camp twice and 4-H short course in Raleigh once. Served as president of 4-H council on year.

In five years of membership 16 units of projects were carried in the following: Health, leadership, room improvement, food preservation, clothing, craft, food and nutrition, calf raising.

Credit Regulations As War Measure Now Effective

Franklin merchants who carry charge and installment accounts for the convenience of their customers have made a statement in this issue explaining in a brief way how the new government regulations will apply to them.

Regulation "W" laid down by the Treasurer of the United States and Board of Governors of the Federal Reserve System instructs retail dealers how charge and installment accounts may be carried in the future. All charge accounts must be settled in full by the 10th day of the 2nd calendar month following the month in which the purchase was made, or credit will be cut off.

This action has been taken by the government as a war measure to aid both merchant and buyer to forestall any hardships which may come from too easy credit in the days ahead while the nation is at war. The regulation incurs no hardship to those who do not abuse their credit and who follow the usual rule of paying accounts by the 10th of the following month. They do help all those who desire to conduct their private affairs so that they may aid their country's war effort on the home front.

Pvt. Carl Leatherman, son of Doc Leatherman left last month to begin his training at Parris Island, S. C.
