School Finals

Attended By Large Crowd Hear Dr. Bellingrath

Dr. George C. Bellingrath, president of Rabun Gap-Nacoochee School, said "The defeat of Germany is inevitable," in his literary address at the final commencement exercises at Highlands high school on May 20th. Dr. Bellingrath told the large audience that "the situation we are facing today is the inevitable defeat of Germany because in her ambition to control the already unified world for the prime benefit of the German people, she is opposing the trend of evolution and will naturally be opposed by all the rest of the peoples of the world; and that since we will inevitably win out we should determine now that this country will take the leadership of a unified political organization in which all the peoples of the world may work together for their mutual benefit."

Diplomas were awarded by Guy L. Houk, county superintendent of schools, who told the graduating class that he was an eternal optimist and believed "that opportunity still exists for those who are willing to work, and sacrifice if need be, to attain success." Certificates from Western Carolina Teachers College, Cullowhee, were also awarded to the two honor students of the 1942 graduating class, Barak Wright, salutatorian, and Jessie Potts, valedictorian, entitling them to honorary membership in the national Alpha Sigma scholastic fraternity in whatever college they may enter where this organization exists.

The seniors wore navy blue caps and gowns, and shoulder bouquets for the girls pink radiance roses and lilies of the valley. A single radiance rosebud formed the boutonniere for the boys. Miss Estelle Edwards, former graduate of the school, supervised the very effective stage decorations in the pink and white class colors.
