**CARD OF THANKS**

We wish to thank the hundreds of good people, both white and colored, who gave their time and strength through many weary hours of search for little Robert Alden Lawrence, who wandered from the home of his grandparents on August 4, and whose disappearance still remains a mystery. We especially thank Sheriff Slagle and Deputy Sheriff John Dills, who untiringly directed and assisted in the search, following every clue possible and who are still trying to discover the fate of our beloved child and grandchild. The sympathy of the many friends and strangers is deeply appreciated.

Joe Stewart and  
Carrle Stewart,  
Clifford and  
Callie Lawrence.

**Social Security Man To Be In Franklin**

A representative of the Asheville field office of the Social Security board will be at Room 103, Postoffice, Franklin, N. C., Thursday, September 17, 1942, 1:00 P. M. Eastern War Time.

Wage earners who have worked in a job covered by the Social Security act since December 31, 1936, and have attained age 65, may be eligible to file claim for themselves, their wives, or minor children, whether they have an account number or not. Surviving relatives of deceased workers, such as widows, children, or parents, or if none of the above, persons who have paid funeral expenses, may be eligible to file claim.

Persons who have need of social security account numbers or other information pertaining to the Act are invited to meet this representative at the time and place mentioned.

**Need Of Men Is Stressed At Showing Of War Films**

The showing of war films on Friday afternoon at the Macon theatre drew a large audience. First Lieut. B. E. Keisler of the Army Air Corps and Staff Sgt. Ted R. Blackwell of Asheville brought the films over and gave the showing through the courtesy of Clyde Gauley, manager of the theatre.

Lieut. Keisler, who gave a commentary on the pictures shown, depicting the air forces of the United States, stated that the U. S. Air Force was fast becoming the finest in the world, manned by the finest and best-trained of aviators. He said that young men between the ages of 18 and 25 could apply for the necessary mental and physical tests to become pilots, navigators, bombardiers and ground men. A high school education is desired, but a diploma is not required, provided an applicant can pass the tests. Parents' consent is required for men under 21.

He stated that the base pay for single men is \$276 per month and for a married man \$327. Also young men are needed in special electric and radio service and in the signal corps and ordnance. A new branch of the service is the Amphibian men trained for shore duty. Young women for the WAACS and the WAVES—Army and Navy services—are wanted.

**Plans Being Made For Furnishing AAA Lime**

Plans now are being made by county AAA committees or furnishing ground limestone to North Carolina farmers as a grant-of-aid material under the 1943 AAA program, according to G. T. Scott, chairman of the state AAA committee, with headquarters at North Carolina State college.

Orders for limestone under the 1942 program already have exceeded 300,000 tons, and orders will be accepted under this program until September 15, Scott said.

County AAA committees now are soliciting bids for hauling limestone from railroad points in the various counties to farmyards he said, and arrangements are expected to be completed before September 15, so that orders under the 1943 program can be taken by October 1. Bid forms may be obtained at the county agent's office.

Delivery prices of limestone under the 1942 program vary from \$2.40 to \$3.90 per ton, depending on freight charges. Prices under the 1943 program will be announced as soon as arrangements for delivery are completed, the chairman said.

"With farmers engaged in their biggest production program in history, it is expected that use of AAA limestone under the 1943 program will be more than 400,000 tons. Our production goals call for more livestock, among other agricultural products. This means more pastures, and limestone is needed to insure a good growth. At the same time, it is likely that commercial nitrates will be hard to get next year. This makes it necessary for farmers to produce as much nitrogen as possible through use of winter legume crop, and limestone will be used extensively to promote better growth of these crops," Scott said.

And Many Others To Come!  
—THE MANAGEMENT.

The New Management of the Macon Theatre in Franklin pledges to the people of this progressive community that the very best pictures produced will be presented as soon as possible (under war conditions) after they are released, and at prices you can afford to pay. We further pledge to you that we will never play any pictures of a questionable nature or any which are not approved by the National Board of Censorship.

We are sure that the former owner is grateful for your past patronage, and we wish to express appreciation in advance for your continued patronage.

To those who have not visited the Theatre, we extend a cordial invitation to do so, and promise wholesome recreation and entertainment.

**FREE PASS!** We will gladly give a Free Pass to anyone in the community

who has never seen a movie or who has not seen one in the past year. All that is necessary is to tell the cashier in the Box Office and she will give you a pass to see the show scheduled. The movies have an important role to play at this time, while the Nation is fighting for its very life. Everyone wants to know the latest news from all over the world and to see and hear what is actually happening. This we will do through the News Features, which show history-making events. Patriotic themes will be emphasized and we are sure that the morale of the Nation will be strengthened by the wholesome recreation afforded by good films.

It is our opinion that THE NEW MOVIE SEASON starting in October will offer the finest group of pictures ever produced in Hollywood, and we believe you will agree with us when you see the films listed above, which we are scheduled to show, along with many others, in the near future.—THE MANAGEMENT.

**"WHERE WHOLESOME ENTERTAINMENT COSTS SO LITTLE"**
