

Penny Milk

For Franklin School Will Be Sponsored By TPA

At a call session of the Franklin P. T. A. on Monday afternoon enthusiastic endorsement was given to a proposal to underwrite for one month a government-sponsored plan to supply milk to all school children at the lunch hour at a penny a bottle. According to the plan A. B. Slagle will supply the milk at three cents per bottle, a half-cent reduction over the usual price. The government will pay one and one-half cents per bottle; each child, one cent, and the P. T. A. the remaining one-half cent. This will make possible a glass of grade-A milk to each child of the Franklin school who desires it at a price within the range of all.

It is expected that the plan will receive enough support to make possible its continuance beyond the trial month so far voted upon. It is estimated that the P. T. A. will need to raise from \$30.00 to \$50.00 per month in order to make the plan a success. The P. T. A. has taken the initiative in the confident belief that many citizens of the community will assist them in the raising of necessary funds.

The health committee of which the Rev. J. L. Stokes, II, is chairman, and has been given authority to proceed with whatever plans are necessary to secure adequate sponsorship. A message to all parents of the school explaining the action of the P. T. A. and outlining some method whereby all can assist will be prepared.

Other members of the committee are Rev. A. Rufus Morgan, J. P. Pugh, principal; G. L. Houk, superintendent; Mrs. Clyde West and Mrs. John Archer.

Dr. Thomas G. Schnoor, Duke Hospital, Durham, N. C., Mr. Harold Payne, Manager, Southeastern Optical Company, Winston-Salem, N. C., and Miss Mary Dourville, Medical Director, State Commission for the Blind, Raleigh, N. C., were in charge of the work.

"The clinic was a success due to the cooperation of the Lion's Club, the Health Department, the County Commissioners, and F. S. A.," said Mrs. Franks. Mrs. Alma McCracken, district nursing supervisor, Waynesville, gave her entire day in helping us.

At The Theatre

Wake Island
The page of splendid history with the U. S. Marines, wrote at Wake Island, in the far Pacific, has been translated into the language of the screen with splendid results.

Completely devoid of romance, it is basically a day-by-day factual record of the terrible onslaught of the Japanese sea and air forces, vastly superior in numbers, upon the garrison. However, there are humorous moments, thus making the picture very enjoyable.

Flying Tigers
This first tribute to the American Volunteer Group, or the Flying Tigers, as they are better known, has a timeliness about it that should make it popular.

Thrills abound in the picture, and while romance would seem to have little place among a group of men whose business is killing Japs, it has been introduced to give the picture a human touch. Besides there is quite a bit of comedy.

Johany Young, son of Mr. and Mrs. J. L. Young of Route 1, who has had employment with the McGregor Co., of Athens, Ga., for the past eleven years is now in the U. S. Navy Recruiting Sub-Station at Savannah, Ga.
