## SEAMAN POTTS OF MARITIME SERVICE HERE

R. L. Potts, coxswain in the maritime service at St. Petersburg, Fla., gave his parents, Postmaster and Mrs. C. C. Potts, a pleasant surprise the past week when he arrived for a short furlough. Seaman Potts entered the maritime service, a training school for seamen in the Merchant Marines, last August. After completing his training the latter part of October, he remained aboard the training ship acting as instructor and master-at-arms. On February 20th, he was transferred to New Orleans, and upon his return to that city will be released from maritime service to ship aboard one of the troop transports, tankers or cargo ships.

For two years, before entering the service, Seaman Potts was connected with the Florida National Bank in Miami. His only brother, Edward Potts, is with the armed forces in Africa.

## FORMER METHODIST PASTOR CHAPLAIN IN HAWAII

Under the personalities, a recent issue of the Wheeler Field, Hawaii, newspaper carried a picture and life sketch of assistant post chaplain W. F. Beadle, who entered the army in September, 1941. D. degree at the Duke School of Divinity, Durham.

Captain Beadle was pastor of Highlands Methodist church for several years, and is a member of the Western North Carolina conference. Those who know Chaplain Beadle well, know of his fondness for horseshoe pitching, which from all accounts he has carried right into army life. Mrs. Beadle and their 6 year old son, Don Gilbert, live at West Monroe, La. During their stay in Highlands, Mr. and Mrs. Beadle endeared themselves to numbers of people throughout this section who are pleased to hear from them again.

## SERMON SUMMARIES

H. M. ALLEY

Text: "Be watchful, and strenuous that are ready to die..."  
The churches and schools, two of the mainstays of our national life, are feeling the burden of the war heavily now. Hundreds of teachers have gone and are going into military service and defense work, and hundreds of Pastors have left their charges to respond to the country's call for chaplains. Already there is talk in some quarters that preachers will have to be rationed among the churches, and that retired ministers may have to be called back into active work. Already there is serious shortage in our schools.

This situation becomes alarming when one thinks of the inevitable decline that awaits our country, if the spiritual, moral and intellectual forces and influences of our churches and schools are allowed to weaken in these perilous times. Surely, as never before, Christian parents and teachers, as well as all others along the Home Front need to rally to the support of these vital institutions.

One thing that must never be rationed or limited in America, if our country is to survive as a democracy is RELIGIOUS FREEDOM of THOUGHT and WORSHIP. And to insure this the

Mrs. C. F. Redden is visiting her daughter and family in Atlanta and from there will probably make her usual spring visit to New York City.

whole gospel must be FREELY and FULLY preached in every community throughout the length and breadth of our land. Because it is still "the power of God unto salvation to everyone that believeth," and there is not anything which the world has to offer that will begin to satisfy this universal human need, which the gospel fills.

Another thing of vital importance to our national well-being which is being gravely jeopardized today is proper Sunday observance. And it is high time for every Christian in America, especially those who are heads of families, by prayer, precept and EXAMPLE to renew their allegiance to God, and their loyal obedience to His express command, "Remember the sabbath day to keep it holy." Unless the ten commandments are kept, where is the hope for the future standards and influence of the American home and the church?

## Tears won't help them... dollars will!

TEARS are not enough. Pity will not soothe whimpering orphans, nor shepherd them to safety from the blasted rubble of their home.

Long-range sighs won't feed and clothe the sick and hungry victims of this war.

But your Red Cross dollars will!

Transformed into relief supplies, medicines and trained supervisors, your dollars will follow in the wake of battle, taking with them aid and comfort.

Thanks to your contributions and many others like them, twenty millions of war victims have been helped

by the American Red Cross in Europe, Africa and Asia, since the war began... To the bombed-out Britons, to Russian war orphans and wounded homeless, to the stricken Chinese, the wretched Greeks and Poles wandering throughout the Middle East, the Red Cross has been their symbol of life and hope.

Think how many lives your dollars have already saved—and how much still depends on you! What a splendid satisfaction is yours, to be relieving the distress of friendless people engulfed by gigantic forces which they are too weak to resist!

Now opportunity is offered again. This is the most critical year your Red Cross has ever faced. On every hand, needs rise with the swelling thunder of the guns.

Will Red Cross funds be sufficient to help every soldier and sailor—every stunned and bewildered war sufferer? That depends on you—and your generosity.

March is Red Cross War Fund month. Give more this year—give double if you can.

Your Dollars help make possible the
