The Unafraid

OW much courage it takes to dive a plane down the funnel of a Jap aircraft carrier most of us will never know.

Men like Major Anderson don't come back to tell us.

How much courage it takes to fight in a deadly jungle crawling with Japs . . . how much courage it takes to battle heat and sand and thirst and Germans in the African deserts most of us can only guess at.

Our boys who fight there don't talk about it.

Such courage staggers the mind. It is the same kind of courage that has that neighbor boy of yours waiting at the hospital in uniform to see his new-born son.

Some day soon that young father may have to dive his plane down the funnel of a Jap

He knows that. So does his wife.

Yet their faith is such that they get married . . , have babies . . . plan a confident future.

They are the unafraid. They make the fears and doubts of the rest of us seem mean and small. They make us see some of their vision of the magnificent future of our country . . . a country which can be entrusted with the sons of men who may never see them,
