Virginia Burnette as Mary Pepper, who neither toils nor spins, and Bidd Burton as the French Duke played the leading roles. Character parts were played particularly well by Herbert Paul, the radio announcer; Jack Bridgman, the young medico; and Louise Wilson, the cook.

Others in the cast were Ellie Wilson, Leona Norton, Edwin Penland, Edna Phillips, and Ted McConnell.

Votes School Lunches And Re-elects Officers

Approximately thirty-five persons attended the April supper meeting of the Parent-Teacher association held last week at which all officers were re-elected, as follows:

Mrs. Tudor N. Hall, president; Miss Veva Howard, vice-president; Mrs. Sidney McCarty, secretary, and Mrs. Frank H. Potts, treasurer.

County superintendent Guy L. Houk and Mrs. Houk were guests at the meeting. In an informal talk Mr. Houk discussed things pertinent to the progress of the school, among them the need for a larger high school enrollment before vocational training can be made a part of the school work, and also the possibility of a new school building after the war.

W. C. Newton, principal, told the members that, beginning April 12, no further WPA aid would be had for the school lunch room, which has so efficiently served the needs of the school. The association voted to supply the necessary funds to keep the lunch room operating until the close of school on April 30. Mr. Newton, Jack Wilcox and Mayor W. H. Cobb were appointed a committee to work out plans for the continued operation of the lunch room through the next school year.

Included in the activities of the PTA this year is the purchase of \$75.00 worth of books for the school library, remodeling of the boys' rest room, and buying of shades for schoolroom windows.

Mrs. Tom Potts was chairman of the supper committee and was assisted by Mrs. H. P. P. Thompson, Miss Caroline Hall, Mrs. Carl Zoellner and Mrs. W. G. Soderquist. The much admired flower arrangement for the tables, consisting of jonquils, pussywillows, trailing arbutus and princess pine in colorful woven May baskets, was the work of Mrs. Soderquist's fourth grade students.

ZOELLNER STEER HELPS IN WAR EFFORT

Weather conditions the past week being favorable for plowing and spading victory gardens, family cooperation was very much in evidence in the C. H. Zoellner garden. Mr. Zoellner wished to use his own steer for plowing, and with three sons in the armed forces, he felt it necessary to call on Mrs. Zoellner to lead the animal while he guided the plow. The steer showed a decided dislike for being led, and the situation was reversed, with Mr. Zoellner leading and Mrs. Zoellner guiding the plow. This time however, it was Mrs. Zoellner who did not like the arrangement and after one rather unsuccessful round of the garden she retired from the field of action.

Meanwhile the steer caught on to what was expected of him and the plowing was finished without further mishap.

From where I sit...

by Joe Marsh

Must say that the best store-keeper in these parts is probably Sam Abernethy. Sam's got a formula for success that's hard to beat.

"Remember that you're not the boss," he says. "The folks who trade with you are the real bosses, and you've got to run your business the way they want it."

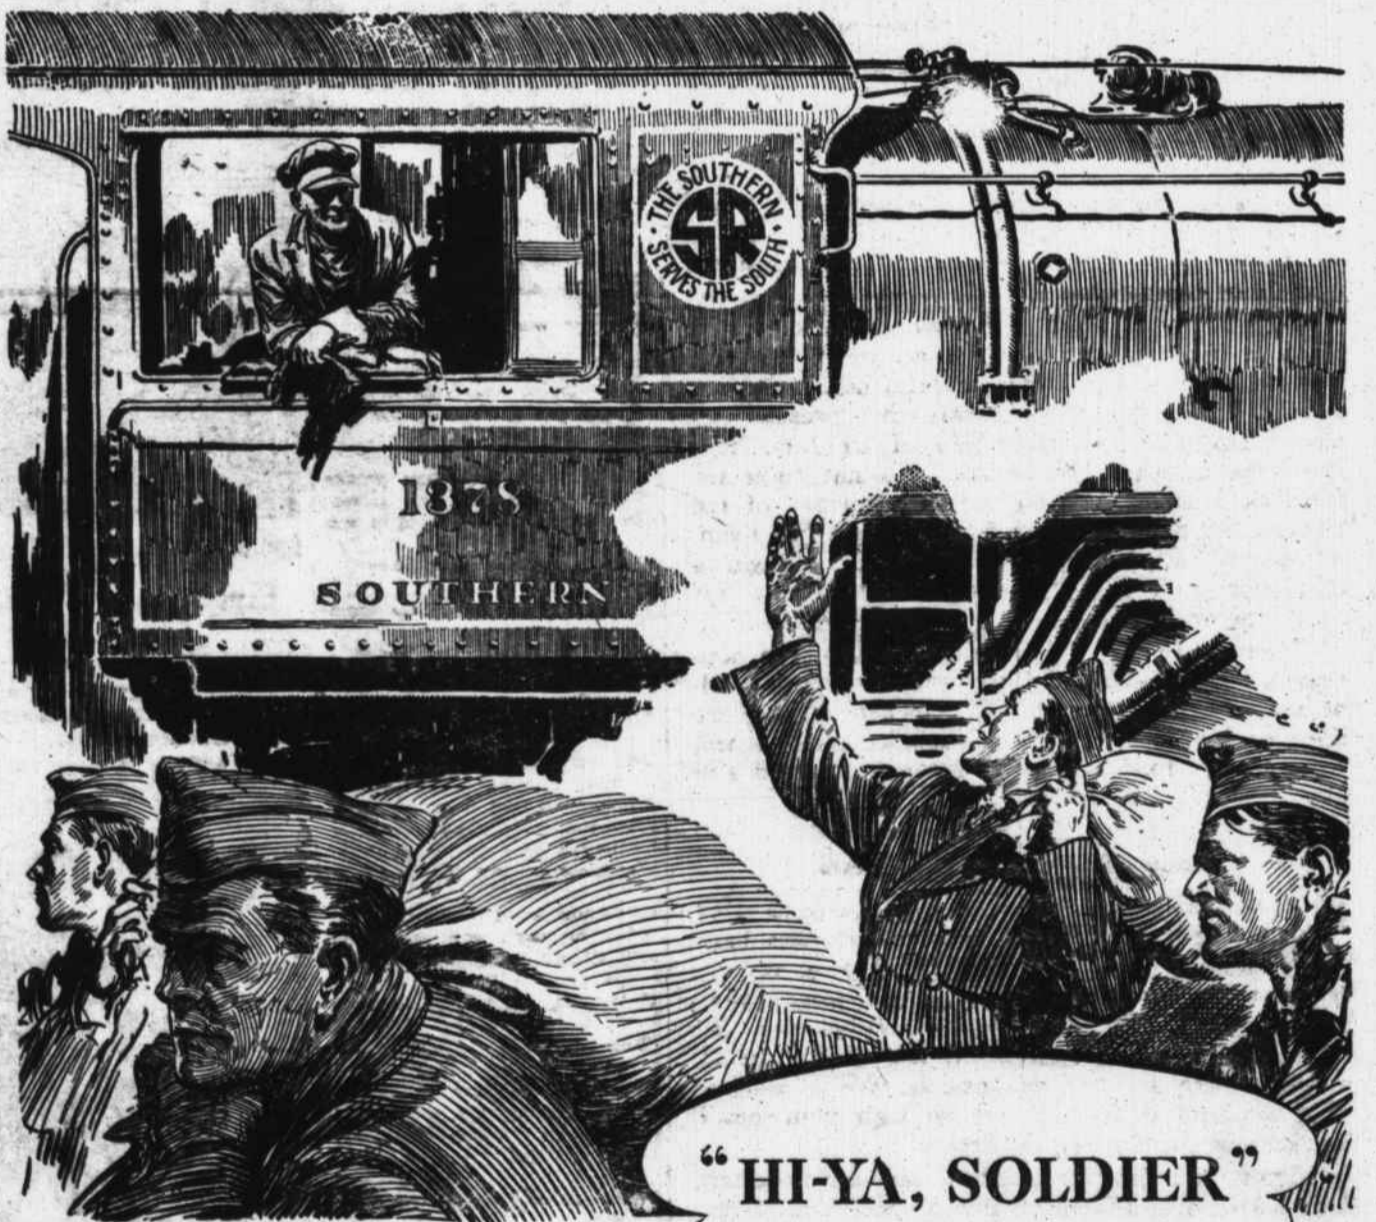

And that goes for selling everything—including beer. Right now the brewers and the

beer distributors are cooperating with authorities in a "clean up or close up" campaign, to see that beer is sold in clean, quiet decent places. They're running their business the way the public wants to see it run.

And from where I sit, it's a mighty fine thing for an industry to undertake a job like that—all on its own.

"HI-YA, SOLDIER"

It made Jim feel mighty proud when that youngster looked up at the cab window and called out, "Hi-Ya, Soldier!"

You see, Jim fought in France in the last war... before many of the boys who are fighting this war were born.

Today, Jim's a locomotive engineer... been with the Southern Railway System ever since he came back home in 1919.

Then Pearl Harbor... and Jim began to feel uneasy. Wondered if he shouldn't get back in uniform again.

But he doesn't feel that way now. That comradely "Hi-Ya, Soldier!" cleared up a lot of things that were troubling Jim. For it made him realize that he is a soldier. In this war, too!

He remembers that tanks and ships can't be built,

or guns and planes roll off the production line... without railroad transportation.

He knows that fighting men would be hungry and cold and helpless... without railroad transportation.

He knows that there would never be enough of anything, where it is wanted, when it is needed... without railroad transportation.

So Jim, and all the other men and women of the Southern Railway System, are "good soldiers"... doing their bit by keeping the wheels rolling under the heaviest transportation load in history.

Their fight is the vital Battle of Transportation... and they're keeping the tracks clear for Victory!
