Bids Received For Improving Georgia Road

A. W. Ledbetter of Rome, Ga., submitted a low bid of \$32,376 for maintenance improvement on the Clarksville-Franklin highway Georgia, according to information received here from Atlanta.

The work will begin near the Rabun-Habersham county line in Georgia and extend to the Georgia-North Carolina state fine. The contract call for 97,400 gallons of hot application bituminous material and 4,900 tons of coarse aggregate cover material.

Standard Realty Co. New Real Estate Firm

A new real estate firm has been opened for business under the name of the Standard Realty Company. Mrs. J. Horner Stockton is in charge, and already the amount of business thoroughly justifies the project. With the increased activity in real estate, there is a good opening for a real estate agency to whom both local buyers and strangers interested in buying property may apply for information and assistance to find what they want.

The Chamber of Commerce has received many inquiries concerning the purchase of farms and summer homes, which, in itself, furnishes opportunity for a good business to a wide awake realty firm.

LIONS CLUB SPONSORS "GRAND OLD OPRY"

"Grnd Old Opry," that gay, mirth-filled show, heard over station WSM, is coming to Franklin! All those fun-loving people you've laughed with so long will be here in person from Bill Monroe and his Blue Grass Boys on down to Cousin Wilbur, feature comedian, including other stars such as Lum and Maggie and Clyde Moody. The performance is to be held in a large, water-proof tent theatre on the Murphy show lot, Thursday, September 9 at 8:30 p. m. "Grand Ole Opry" will be here one night only under the sponsorship of the Club. Your patronage is asked. Proceeds will be used for their program of eye conservation and other welfare work.

Farm And Home Agents Meet In Henderson

Food problems during the was and post-war periods were discussed at the annual district meeting of county farm and home agents which opened Monday morning at Highlands Lake, Hendersonville, with 90 delegates from Western North Carolina counties and state extension officials present.

Special stress was put upon the necessity to meet present conditions together with the need to produce more and more stock food during this period.

Macon county was represented by Sam Mendenhall, county farm agent, and Mrs. Florence Sherrill home demonstration agent. They were accompanied by Fred Sloan of the State Extension division, Raleigh, formerly of this county who was visiting here.

WAC Survey Made In Franklin

Lt. Elizabeth G. Dobbin and Lorraine McFarland of the WAC ecruiting Office in Asheville, N. C., will be in Franklin, Sep-tember 2 and 3, conducting a Wo-man's Power Survey. The results of this survey will be turned over to the War Department and to the U. S. Employment service.

ber that even if accumulated fats become rancid, they still retain a majority of the valuable glycerine that goes into war production. Some housewives, believing that rancid fats are valuless, have not been turning them in for salvage. This has resulted in the loss of thousands of pounds of glycerine that could have been processed from these fats.

MAIL CHRISTMAS GIFTS EARLY

Christmas gifts to Naval Marine personnel overseas should be sent between Septembr 15 and November 1. This period has been designated by the Navy Department. Parcels must not exceed five pounds in weight.

The British colony of Fiji, an island in the South Pacific, once noted for cannibalism among the natives, is granting reciprocal aid to U. S. forces stationed there to the value of almost 33 million annually.

Too Much Liquor Gets Aged Man In Trouble

Claude Coward and Joe Mitchell came to blows at Marion Sanders' store on the Georgia road last Tuesday, with the result that Cow-ard gave bond to appear before the Magistrate's court next Monday morning.

The cause of the affray was not reported. "Uncle" Joe, who was reported to have struck the first w with a stick, allegedly, had partaken too freely of spirituous liquor. Coward was reported to have struck back, and his assailant was injured by a fall against the counter. Coward is said to b about 35 years old and "Uncle" Joe says he is 88. Opinions differ as to the correctness of the latter figures, the memory of contemporaries leaning toward a 75-year esti-

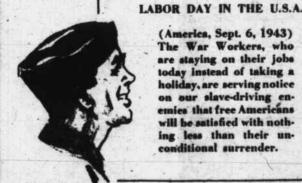

FEED

Good News From AMERICA

(America, Sept. 6, 1943) The War Workers, who

are staying on their jobs today instead of taking a holiday, are serving notice on our slave-driving enemies that free Americans will be satisfied with nothing less than their unconditional surrender.

Our impartial service is for all peor ple, regardless of their beliefs or belongings.

FOR SALE-Two tracts of land Syrette Relieves Pain From Wounds, Tin Cans acres respectively. See or call Needed To Make Them

The Medical Corps of the U.S. Army has developed the SYRET-TE-a pain-relieving and shockeliminating hypodermic needle to which is attached a tin tube containing one dose of an effective pain-alleviating agent.

Every member of the Armed Forces—Soldiers, Sailors and Mar-ines—carries a Syrette in his emergency kit. When wounded, the soldier removes plastic protective cover and inserts needle near wound. This immediately relieves pain and tends to eliminate shock, which is one of the largest single problems with wounded men.

Two ordinary tin cans supply enough tin for one Syrette. Thus, when you process two tin cans and give them to the Government, you may save the life of one of our boys on the battle front.

OTHER FACTS ABOUT TIN CANS

A 37 mm. Air Corps gun requires the tin from 700 tin cans. A 75 mm. Field gun needs the tin from 8500 tin cans, and for a 3-inch "Tell Them With Advertising"

Anti-tank gun, it is necessary to have the tin from 3,500 tin cans.

The tin from 13,000 cans is needed to solder the connections of a

medium size tank.

The tin from tin cans is needed to make bearings for airplane mo tors, tanks, ships, gun monnts, and a hundred other types of armament. It forms the solder used in every type of equipment that has electric wiring. It is used in gas

It takes 27,000 tin cans to provide enough tin for a long-range heavy bomber. But four tin cans are enough for a bomb. Next time a bomber squadron loads up for a visit to the Ruhr, it may fly and carry tin from your old tin cans.

It takes 9,000 tin cans for a light Army tank; 168 tin cans for a trench mortar; 21,000 tin cans for a short-range heavy bomber.

16 tin cans will furnish enough tin for one machine gun. 4 tin cans are needed for use in a bomb. One No. 2 tin can yields enough tin for one type of hand grenade, but another type—the much used fragmentation grenade - requires the tin from 54 tin cans.
