### BIBLE THOUGHT

Create in me a clean heart, O God; and renew a right spirit within me. —Psalm 51:10.

From our accustomed places of worship and now from unaccustomed places all over the world, on land, on sea and in the air, from lofty hills and from the jungle, from the railroad car, the convoy and the jeep, from the sick bed, the convalescent hospital and from the operating room, our special prayers on the High Holidays go up to Heaven with a new meaning and with greater fervor than ever and with the hope that the day may be near when the grim task of war is finished, when family reunions have taken place or are in prospect, when normal and useful life can be resumed, and when the spirit of human kindness can again become a governing force.

In the Joint Distribution Committee, over a period of almost three decades, we have been allowed to see so much of that spirit of human kindness through the services rendered by countless devoted men and women all over the world and through the contributions we have received, that we may say in all earnestness that the activities of the Joint Distribution Committee are an expression of that spirit.

—Paul Baerwald in a Message For  
Rosh Hashonah (Jewish New Year) 1943.

### TIME EXTENDED ON E, F, AND G BONDS

The following letter has been received from the North Carolina War Finance Committee:

Sales of all issues of bonds in the Third War Loan Drive will be continued through Saturday, October 2, and sales of Series E, F, and G savings bonds will be continued through October 16, according to Clarence T. Leinbach, state chairman of the War Finance Committee.

"The Treasury Department in Washington has just announced the extensions in order that all selling agents may have additional time in which to clear their sales," Leinbach stated. There are over 60,000 issuing agents in the United States, and they have manpower shortages like everyone else. In many cases, sales have not cleared through the Federal Reserve Banks due to the time required in contacting the prospects, making sale, processing the order, and accounting to the Federal Reserve.

"After Saturday, October 2, the three marketable securities, the 2 1/2's, the 2's, and the 7/8's, will be withdrawn from sale. Subscriptions for these issues and for Series C savings notes (tax notes) placed in the mail up to midnight, October 2, will be counted in the campaign totals.

"Because of the great wave of current buying by individuals, sales of Series E, F and G savings bonds will be continued through October 16. This will enable workers to complete additional sales and have them reported in time to be counted in the drive quotas."

Leinbach announced that sales in North Carolina through Saturday, September 25, totaled \$116,000,000 or 80% of the State's quota of \$145,000,000.

### IF YOUR NOSE "CLOSES UP" TONIGHT

Here's mighty good news... If your nose "closes up" tonight and makes breathing difficult, put 3-purpose Vicks Va-tro-nol up each nostril. Va-tro-nol does 3 important things. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion. It brings more comfort, makes breathing easier, thus invites sleep... And remember, it helps prevent many colds developing if used in time. Follow directions in folder.
