P.T.A. To Welcome New Teachers At Next Monday's Meeting

The Franklin Parent-Teacher association will meet next Monday afternoon at the Franklin high school at 3:30 o'clock, according to an announcement by the president, Mrs. Carl Slagle. After the business meeting when committees for the year will be appointed, tea will be served in honor of the new teachers of this year's faculty, which will also be an opportunity for parents to meet all teachers and each other in a pleasant get-together. Mrs. Slagle cordially invites all mothers whose children have entered school this year, and those who are not yet members to come and enter into the work of the association for the benefit of the school.

At The Theatre

"The Last Will and Testament of John Smith" is one of the strongest and most gripping dramas ever put on the screen. Never was so much said in so little time. You will want to give double to the United War Fund after you see it. And—DON'T MISS IT.

In "Heaven Can Wait" the famed Lubitsch touches are present but the impish twisting of them has been foregone in the interest of narrative integrity and the family trade. The picture is escapist without being frivolous, a solid piece of entertainment, a famous pic-

ture. "Cabin In The Sky," a comedy-novelty based on an Afro-American conception of Heaven and Hell with strong emotional qualities, attractive music, songs and dancing which carry the story on the wings of rhythm. "Assignment In Brittany" is a swiftly told, smart action story of love against a commando background, vividly presented for all who have a flair for the enjoyment of thrills. It is an edge-of-the-seat offering that convincingly presses home the toughness of commando warfare and the verities of love.

Card Of Thanks

We wish to thank our friends and neighbors for their kindness during the sickness and death of our loving mother and also for the beautiful flowers.

ACT FAST WHEN A COLD THREATENS

At the very first sniffle, sneeze, or any sign of a cold just try a few drops of Vicks Va-tro-nol up each nostril. If used in time, Va-tro-nol's quick action helps prevent many colds from developing. . . . And remember this, when a head cold makes you miserable, or transient congestion "fills up" nose and spoils sleep—3-purpose Va-tro-nol does three important things. (1) shrinks swollen membranes, (2) relieves irritation, (3) helps clear clogged nasal passages. Enjoy the relief it brings. Follow directions in folder.

WILL YOU BE THE NEXT GRAVEDIGGER?

Don't say "NO" until you read this —

SURE YOU KNOW all about forest and range fires. How they destroy timber, which is a critical war material, and feed for cattle and sheep. How they rob us of precious man-hours—nearly eight million every year. How they cripple supplies of water that are vital for electric power and irrigation.

"So what?" you ask, "What can I do?"

YOU can do more than anyone else because it's folks like you—good, honest, fighting American citizens—who start the most forest and range fires.

Sounds incredible, doesn't it?

But here are the facts: Careless Americans last year started more forest fires than lightning, saboteurs, and incendiaries put together.

We can't let it happen again this year. So when we are in or near forests, farm woodlands, brush, and grass—remember: WE are the key men and women in this fight to pro-

tect the home front, and we mustn't let Our Carelessness be the Enemy's Secret Weapon.

ATTENTION, BRUSH BURNERS!

More than 6 million acres are burned, yearly, because of YOUR careless use of fire in clearing plow land and burning logging and other slash and debris. Do your part this year.

Remember:

1. Don't burn without a permit from a ranger or fire warden.
2. Don't burn during unusually hot, dry, or windy weather.
3. Scrape a trail or "plow around" areas to be burned.
4. Have help handy till the last spark is dead.

REMEMBER THESE RULES:

- Crush out your smoke
- Drown your campfire—then bury it
- Break your burned match

IF YOU BURN SLASH

First—get a permit
Last—kill every spark
