UNITED WAR FUND—

(Continued From Page One)

Home Front Service

An equal amount of money is to be raised for social services on the home front including child and family welfare, health, hospitals, and recreation. Approximately 50 per cent of the combined fund will be allotted to the USO and a considerable proportion to the purchase of food, medicines, etc., for our prisoners of war, and for American merchant seamen, who form the silent army in the dangerous convoy routes. "Those who do not wish to contribute to the general fund, have the privilege of designating the particular organization to which they would have their

donation apply", said Mr. Archer. "However, every cause is a worthy one and it should be noted that the greater part of the total fund—or to be exact, \$67,672,000—is to be expended in service to our armed forces, which includes our merchant marine."

Relief Funds

This campaign, said Mr. Archer, is to provide relief funds for the fiscal year ending October 31, 1944, and with the exception of the annual Red Cross roll call next Spring, will be the only nation wide drive until October of next year. Therefore, every resident of Macon County is earnestly asked to make one generous donation when the solicitors call.

CLASSIFICATIONS—

Here's what YOU must do to Back the Attack

NOW, as America goes all out for the INVASION — your dollars must join the fight, too! For the very least you can do for your country—and for your loved ones doing the fighting—is to invest in MORE War Bonds in September. Think of Jim fighting with Eisenhower... or Bill with MacArthur in the Solomons... or Bob up in Kiska. They've given their pledge to fight—and die if need be—for their country. They're ready to go all the way. And we at home must see them through all the way, too! That means every individual in the country who earns a wage or draws an income or has accumulated funds must invest in at least one EXTRA \$100 War Bond if he can possibly do so. Those who can, must invest more. This in addition to your regular War Bond subscription. Yes, the least you can do for your men in service is to do MORE in September. MORE in the safest securities in the world—U. S. Government War Bonds. But do it now—it's for the INVASION!
