**CAN STILL SEND SOME GIFTS**  
Christmas packages for soldiers overseas which have been returned to the sender because of an improper address still may be mailed, according to the War Department. The original wrapper, bearing the indorsement, "Return to Sender, Insufficient Address," must be submitted with the correctly addressed package to prove that it originally was mailed before the October 15 deadline. Christmas packages also may be mailed to soldiers going overseas between now and Christmas. When the sender presents his package to the post office for mailing he must bring the change of address form containing the APO address to which the package is being sent.

**RETURN RATION BOOKS IN MAIL**  
Finders of lost ration books may drop them in the mail without prepaying postage or enclosing them in envelopes, according to OPA. On payment of a 5-cent postage-due charge, the Post Office Department will return the lost book to the person whose name and address appear on the cover. When the addressee cannot be found, the Post Office will forward the book to the nearest rationing board.

**TIRE HELP FOR TRUCK OWNERS**  
Truck owners who have tire rationing certificates but are unable to get tires because local quotas are used up and those operators unable to get ration certificates because of depletion of quotas soon may get help through the Office of Defense Transportation. Instructions on procedure for reporting such cases soon will be issued to the 142 ODT district managers. After cases are reported ODT will clear shortages with the Office of the Rubber Director in an effort to get the necessary tires.

**CORN PRICES SET**  
Maximum prices for white ear corn are 2½ cents per bushel less than shelled yellow or white corn of like quality and grade, under a recent OPA ruling. White sapped corn is 3½ cents per bushel less. The Commodity Credit Corporation will continue to pay the corn producer for any advances in the maximum price of corn, through December 31, 1943.

# WILL YOU BE THE NEXT GRAVEDIGGER?

Don't say "NO" until you read this—

**SURE YOU KNOW** all about forest and range fires. How they destroy timber, which is a critical war material, and feed for cattle and sheep. How they rob us of precious man-hours—nearly eight million every year. How they cripple supplies of water that are vital for electric power and irrigation.

"So what?" you ask, "What can I do?"

**YOU** can do more than anyone else because it's folks like you—good, honest, fighting American citizens—who start the most forest and range fires.

Sounds incredible, doesn't it?

But here are the facts: Careless Americans last year started more forest fires than lightning, saboteurs, and incendiaries put together.

We can't let it happen again this year. So when we are in or near forests, farm woodlands, brush, and grass—remember: WE are the key men and women in this fight to pro-

tect the home front, and we mustn't let Our Carelessness be the Enemy's Secret Weapon.

**ATTENTION, BRUSH BURNERS!**

More than 6 million acres are burned, yearly, because of YOUR careless use of fire in clearing plow land and burning logging and other slash and debris. Do your part this year.

Remember:

1. Don't burn without a permit from a ranger or fire warden.
2. Don't burn during unusually hot, dry, or windy weather.
3. Scrape a trail or "plow around" areas to be burned.
4. Have help handy till the last spark is dead.

REMEMBER THESE RULES:

Crush out your smoke

Drown your campfire—then bury it

Break your burned match

IF YOU BURN SLASH

First—get a permit

Last—kill every spark
