### Tuberculosis Seal Sale Opens County Campaign

George H. Hill, School  
Principal, Elected  
Chairman

George H. Hill, principal of the Franklin high school, has been named chairman of the annual Christmas Seal sales for Macon county, it was announced here this week.

#### Seals Being Mailed

Mr. Hill stated that the seals would be mailed to the various schools and organizations in the county at once, and the delay in the county getting started on the sales, is due to the chairman not receiving his appointment until this week. However, the delay in opening the campaign is not expected to affect the sales in the town and county.

County Chairman Hill called the attention to the fact that 75 per cent of the proceeds derived from the sale of seals will remain in Macon county to form the operating funds of the Macon County Tuberculosis Association, which expends the funds to aid needy persons afflicted with tuberculosis, and to an active campaign for the prevention of the disease.

#### Definite Rise in Cure

Already there is a definite rise in the cure of the disease in many counties, Mr. Hill said, and every stamp purchased in Macon county will aid in preventing an upward trend in our county. Every person who buys a stamp, does more than contribute to a worthy cause, he is helping to save a human life and brighten that life with new hope and a chance of happiness. He is also helping to shield himself and his family from the ever present danger of tuberculosis. He is buying a little health bond.

Regardless of the importance of the E-Bond sale, of the impending holidays, and regardless of everything else, the little "bug" of the "Great White Plague" works on—incessantly, night and day, and the seal bearing the double-barred cross will be the bond that will be demanding the attention during the next month.

### RED CROSS OFFICERS MEET

Rev. Jackson Huneycutt,  
Methodist Pastor, Is  
Elected Chairman

Rev. Jackson W. Huneycutt, pastor of Franklin Methodist church, was appointed chairman of the Macon county War Fund Drive, at a meeting held on Tuesday evening by the officers and executive members of the Red Cross.

Rev. A. Rufus Morgan, chairman of the Red Cross for Macon county, presided, and gave the members their role of work for the coming year.

Gilmer A. Jones was appointed chairman of the Home Service committee who will assist in taking and delivering messages to families from the men in service. Mr. Jones will appoint his assistants to help him in the work.

#### Mrs. Hill To Be Here

Mr. Morgan announced that Mrs. Caroline Hill, general field representative of the American Red Cross, from Greenville, S. C., will visit the Macon county chapter on Thursday, December 7, in the interest of the chapter's work. She is particularly interested in having an interview with the War Fund chairman, Home Service chairman, Home Nursing and the Production chairmen.

These meetings, in the interest of the Red Cross work in Macon county, are held monthly, and at each meeting all the officers and executive members are urged to be present.

Meat packers claim they use "all the pig but the squeal." But the forest industries beat that record by using all the tree—even the bark.

### War Bond Sales Moving Slowly

Gilmer A. Jones, co-chairman of the Sixth War Loan Drive in Macon county has announced that \$15,203.00 had been reported through the Federal Reserve Bank, as the amount of bonds sold in the county in the first week of the drive.

These figures are very low for one week of sales, Mr. Jones stated, and if the citizens of Macon county do not show an increased interest in buying, the county will fall far short of meeting its quota, which is \$154,000, with a total of \$104,000 to be sold in "E" Bonds or individual bonds.

Mr. Jones urges the people of Macon county to buy bonds, more bonds and buy until it hurts, for the sales in the Sixth War Loan Drive is going to be one of the toughest we have ever faced. We will have to fight a spirit of over-optimism on the part of many who feel that the war in Europe is practically over and forget the all-out battle we have yet to fight in Japan. The cost of the war must be paid for in War Bond dollars.

### Annette Rouda Killed In Car Wreck in S. C.

News was received here last week by Mr. and Mrs. J. E. Wooten of the death of their granddaughter, Miss Annette Rouda, of Anderson, S. C.

Miss Rouda, 16, a student in the 10th grade of Anderson high school, was killed instantly on Wednesday of the past week, while standing on the street awaiting her bus. An empty car was struck by a passing truck, hurling it over against the girl, causing multiple injuries, also including a crushed skull.

The driver of the car, who was from Atlanta, did not see the girl, he stated, as the other car was rolling down the street and he ran into the parked empty car to avoid hitting the rolling car.

Miss Rouda, a daughter of Mrs. Ada Wooten, who was a former resident of Franklin, has often visited her grandparents here.

Among those from Franklin attending the funeral included Mr. and Mrs. Charlie Wooten, of Franklin route 2, and Thos. Wooten, and son Johnny Wooten, of Franklin, uncles and cousin of the deceased.

#### Legion's Plan Gifts For Disabled Veterans

Every wounded, sick and disabled service man or woman in government hospitals in the United States will be presented with Christmas gifts, according to an announcement made by the Woman's Auxiliary of the American Legion, who are working in cooperation with the Macon County American Legion Post.

This nation-wide program, undertaken by the American Legion and American Legion Auxiliary in cooperation with Eddie Cantor's new radio program heard every Wednesday night at 9 o'clock, are urging all local civic clubs, stores, theatres, newspapers and patriotic organizations, to give their help in furthering the support of this program.

December 10th has been set as the dead line for the receipt of gifts in order to allow sufficient time to be properly distributed. Among the suggestions offered to the public who would like to "Give gifts to the Yanks who gave" include books of various kinds, stationery, games of all kinds, toiletries, articles of clothing including sleeveless sweaters, tee shirts, nice handkerchiefs, socks, bedroom slippers and bill folds, smoking materials, and pocket knives, identification bracelets, good sun glasses, wash cloths and numerous other items worth while.

The distribution of gifts is planned to all Army and Navy General Hospitals and if the supply permits, to all convalescent centers, veterans' administration facilities and state hospitals in the United States. The American Legion and Legion Auxiliary will receive and distribute all gifts, and anyone in Franklin or Macon county who wish to donate to this worthy cause, are asked to leave their gift at Perry's Drug Store before the 10th of December.

With the war activities, now in its third year, there are no doubt a large number of our own local boys in some or many of the hospitals in the States whom we would like to remember and in order to do this, we are asking the public to cooperate in leaving a gift, or a cash contribution will be appreciated.

The American Legions were given an assignment this year of promoting the campaign for "Records For Our Fighting Men", and a set of these records cost approximately \$15.00. The only contribution from North Carolina up to October was sent in by the Auxiliary Unit at Franklin.

#### Hurry Kiddies And Write Santa Claus

Dear Kiddies:  
You haven't written Santa yet to tell him of the things you want him to bring for your Christmas—you must hurry, so we can print your letter in the Press where he will see it. Of course he takes the Press. Santa may have to travel before Christmas through the snow this Christmas, and might have to use his Rein-Deer team to make the trip to visit you if the weather is so he can't fly his plane or drive his car, so you better get your letter to him as soon as you can. You know he has thousands of little ones he must visit each year—if they are good children.
