Mrs. F. W. Altstaetter, chairman of the Finance Committee, announces that the annual campaign for members of the Highlands Museum and Biological Laboratory will take place next week. In charge of the campaign will be Colonel Ralph Mowbray.

The Museum and Biological Laboratory, unique to Highlands, has shown a fine growth this year, both in service to the Highlands region, and in scientific work. The support for the work of the institution comes along entirely from local residents. It is hoped that as large a number of Highlands residents as possible will join in membership this year, in order to assure a continuing program of usefulness for next season.

Among the new members already reported are Mrs. J. H. Smith, Mrs. J. Harvey Trice, Mrs. C. E. Holcomb, Mr. and Mrs. C. W. Pidcock, Mrs. James Selvaie, Mr. John Selvaie, and Mrs. A. Rockwell Nail. Substantial contributions to the Laboratory and Museum this year have come from Mrs. Margaret Cannon Howell, Mr. J. Blanc Monroe, Mr. J. Harvey Trice, Mr. Robert Hager.

Wildlife Movies To Be Shown August 23rd

Colored movies of the native birds, animals and fish of North Carolina will be shown in the Highlands Museum next Thursday, August 23, at 8:30 p. m. The movies will include pictures of Carolina deer, and the courtship of quail.

These are the official pictures of the State Department of Conservation and Development. They will be presented by Mr. E. V. Floyd, senior biologist of the Division of Game and Fisheries. The showing will be open to the public, free of charge. Honor guests will be the Boy Scouts of Highlands.

War Souvenirs To Be On Display At Museum

In response to popular request, the Highlands Museum will hold an exhibition of war souvenirs in the museum building next week. The museum will display trophies, souvenirs, equipment won or used by service men of the mountain region, or by their relatives or friends. The exhibition will give many Highlands residents an opportunity to view the mementoes brought or sent home by their friends. It is expected that the trophies amassed by Highlands soldiers will make an impressive showing.

The souvenirs will be on display only during the week from Tuesday, August 21, through Sunday, August 26. Those wishing to lend items for the display should bring them to the museum not later than Tuesday.

The exhibition will be in charge of Mrs. Estell Stegall, Director of the Museum. Assisting the director in arranging the display will be Dr. and Mrs. B. E. Fernow, of Clemson college.

For Colored People

The summer program of worship services for the colored people of Highlands is first Sunday, Baptist church; second Sunday, Methodist church; third Sunday, Presbyterian church and fourth Sunday, Episcopal church. It will be noted that each of these services will be held at 4:30 Sunday afternoons.

There is no scientific evidence to back up the superstition that thunder or lightning causes milk or cream to sour.

Lard Situation Reviewed By OPA

Housewives of Macon county who have been fruitlessly scanning their grocer's shelves for lard are in for slight, but not permanent, relief according to War Price and Rationing Board.

"I can't emphasize too strongly that the problem is, not one of rationing but of supply," declared the chairman of War Price and Rationing Board.

"OPA has to distribute the lard allocated by the War Food Administration."

It is disclosed that this area of the country reaped the "entire benefits" of the military cutback of ten million pounds of lard during August.

"Our cooking habits require more lard than other parts of the country and we got it," he said. "But no permanent relief is in sight before hog-killing time which will be the end of November."

In the meantime, here's advice for homemakers: "Keep 'Keep your eyes open for vegetable oils for cooking."
