

County Schools Reopen Following Yule Holidays

The Macon county schools reopened Monday, following the Christmas holidays. While no exact figures were available, Supt. G. L. Houk said attendance was better than expected, in view of the prevalence of cold and other illness. Attendance, in fact, is just about normal for this time of year, he said.

Capture 2 Men, Auto, 54 Gallons Of Whiskey

Sheriff J. P. Bradley and Deputies Walter Dean and Harley Mashburn report the capture of two men, a '37 Chevrolet sedan, and 54 gallons of white, non-tax paid whiskey at the Roller Mill bridge, on the Georgia highway, Thursday night, December 20. The men are Charlie Sneed and Lewis Austin of Jackson county. Sneed was released under \$500 bond, while Austin's bond was fixed at \$300. The officers also held the automobile.

Tomatoes and sweet corn together make up three-fourths of the total tonnage of vegetables for processing. Canning of green peas and snap beans was also greatly increased.

MISS RUBY BALDWIN MARRIES W. V. CANSLER
Mr. and Mrs. W. E. Baldwin, of Franklin, have announced the marriage of their daughter, Miss Ruby Baldwin, to William Vance Cansler, aviation radio-man third class, of Franklin, Route 3, and Pensacola, Fla. The wedding ceremony was solemnized in Clayton, Ga., on Monday, December 24, at 8:30 o'clock at the Baptist parsonage, with the Rev. D. D. Harris, pastor of the First Baptist church, officiating, using the ring ceremony. The bride wore a light grey suit with white and black accessories. Her shoulder corsage was of white gladioli and greenery.

Mrs. Cansler is a graduate of the Franklin High school, class of 1943, and for the past two years has been business manager of the Baldwin-Liner Market here.

Petty Officer Cansler is a son of Zeb V. Cansler and the late Mrs. Cansler, of Franklin, Route 3. He is a graduate of the Franklin High school, class of 1942. In October, 1943, he entered the services and took his boot training at Great Lakes, Ill. He is now attending a Naval Air Training school in Pensacola.

Mr. Cansler returned to Pensacola on January 1, and Mrs. Cansler has resumed her duties at Baldwin-Liner Market, but she expects to join her husband in Pensacola soon.

The Southern California naval orange crop was the largest on record this year—32,378 cars.

HOLLANDERS MUST MAKE OLD BICYCLES DO TILL 1950

The Dutch, to whom the bicycle has been the favorite means of transportation, have been told that they had better take care of their old machines because new bicycles in larger quantities will not be available before 1950.

Some 2,000,000 or 3,000,000 new bicycles will be needed as a result of the increase in population, the abnormal deterioration resulting from using the bicycles without tires, and German confiscation.

GOVERNOR GETS GREENS MIXED AND SEES RED

Indianapolis — Don't mention green to Governor Ralph F. Gates if you don't want to make him see red.

The governor was invited to Greencastle to be the main speaker at an American Legion dinner. But he never got there. Something went awry and he turned up instead at Greensburg, 90 miles from Greencastle.

The proportion of people keeping their life insurance policies in full force, in spite of financial emergencies, is today at an all-time high.

Accidents are more costly in human lives than war. Total combat deaths in World War II were about 265,000 and about 650,000 were wounded; while during the same period accidents on the home front killed 355,000 persons and injured 36,000,000, of whom 1,250,000 suffered some permanent disability.

It will cost an estimated \$4,000,000 to tear down Belfast's 10,000 air-raid shelters.

Asheville To Have Parking Meters In Downtown Section

Asheville is to have parking meters, and City Manager P. M. Burdette has announced that the 400 meters which the city has ordered for use in the downtown business section will be shipped January 7. They should be in operation by February 1, he added.

Decision to install the meters was made before the war, but they could not be obtained before the war started. Recently the city council reinstated the order.

The meters will be installed without cost to the city and will be paid for out of half the money taken in. The other half goes to the city until they are paid for and then all of it goes to the city.

proye, memb reported this to be able to short time the latter... Life insurance companies have more than \$4,000,000,000 invested in mortgages covering homes and housing for American families, an all-time peak for such financing aid.

Diseases of the heart and arteries constitute the No. 1 Killer among life insurance policyholders today, accounting for nearly one-third of all policyholder deaths annually. The Life Insurance Medical Research fund plans to make \$3,500,000 available over the next six years to get at the causes and cures of these diseases.
