

## BIDS SOUGHT ON TWO MACON HIGHWAY JOBS

Plan Retreatment Of Sections Of Nos. 28 And 19

Two Macon County highway projects are among those on which bids will be opened by the State Highway and Public Works commission March 28.

One is the "drag" retreatment of N. C. Highway 28 from Highlands to the Georgia state line, a distance of 6.4 miles.

The second is the drag retreatment of U. S. 19 from the Cherokee county line to the Swain county line, a distance of 2.6 miles.

The second is a part of a project that involves the retreatment of the highway from east of Andrews via Tooton, through Macon county via Nantahala station, and through Swain to Bryson City.

The projects in this area are among 70 in the state on which contractors' bids are sought. It is proposed to use the drag retreatment on 44 roads; to sand asphalt, surface, resurface, or widen 17 others; and to put a bituminous surface treatment on nine others.

## Symphony's

Program Not Strictly 'Highbrow'

The concerts of the North Carolina symphony, which is scheduled to appear here April 2 on its spring tour, will not be strictly "highbrow", the board of directors of the organization has announced.

The programs have been arranged with a view to appealing to persons of almost every musical taste, beginning with such numbers as "Deep Purple" and going all the way to the great symphonies of Johannes Brahms.

The task of the North Carolina Symphony is to furnish music which will appeal to the independent tastes of a critical musical public, tastes which cover a wide range of interests. There are some who will not be content with anything but the most lofty musical masterpieces from the great composers, and for these the State Symphony has chosen the Brahms' First Symphony, the New World Symphony of Dvorak, the Handel "Water Music", and other such numbers.

Also included will be Smetana's beautiful tone poem, "The Moldau", and Haydn's popular Military symphony.

But the orchestra also will play excerpts from the "Grand Canyon Suite", by the American composer, Ferde Grofe, especially the well-known "On the Trail," in which the sound of the donkey's hoofs on the trail

### POSER FOR BOOZERS

If you are a married man who absolutely must drink booze, start a saloon in your own home. Be the only customer and you won't have to buy a license. Give your wife two dollars to buy a gallon of whiskey. Remember there are 69 glasses in a gallon. Buy your drinks from your wife.

When the first gallon is gone, your wife will have eight dollars to deposit in the bank, and two dollars to start business again. If you should live ten years, continue to buy booze from her, and then die with snakes in your boots. Your widow will have enough money to bury you respectfully, bring up your children, buy a house and lot, marry a decent man, and forget all about you!
