

CPL. JOHN W. CORBIN WEDS PHILADELPHIA GIRL
Cpl. John W. Corbin, son of Mrs. Eva Corbin and the late John Corbin, of the Cullasaja section, and Miss Veleria Tyla, daughter of Mrs. Helen Tyla, of Philadelphia, Pa., were married at the navy base in Philadelphia March 8, with the navy chaplain officiating.

Mrs. Corbin is a graduate of a Philadelphia High school and for some time has been doing stenographic work for the county board of education there.

Cpl. Corbin is a graduate of the Franklin High school and has been serving in the marine corps for the past five years. He recently re-enlisted for a period of another three years.

Cpl. Corbin is a brother of Dr. Furman Corbin, of the Angel hospital medical staff.

LEGION AUXILIARY WILL MEET WITH MRS. JONES

The American Legion Auxiliary will meet on Monday evening at 7:30 o'clock at the home of Mrs. Gilmer A. Jones on the Georgia road. All members are urged to be present.

CARMACKS RETURN, WILL OPEN LODGE JUNE 1

BELK'S DEP'T STORE

Now... no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

Actually wheat has never been a large item in the brewing process—only $\frac{8}{10,000}$ of the entire U. S. wheat crop was used in 1945:

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30% less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us *individually* can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products... Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods... Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste **NO** food... Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.
