End-Of-Year

Events Held At School; None To Graduate

Highlands school will have no graduates this year, because of the addition of a new grade, which leaves a blank in the graduating class. The high school play, "Linda Lou", was given at 8 o'clock Tuesday evening, with a cast of characters from the ninth, tenth and eleventh grades, under the direction of Mrs. Annie W. Pierson.

On Tuesday night of next week at 8 o'clock, exercises for the eighth grade will be held in the school theatre featuring a Spanish Fiesta, with color, music and dancing. The program will be enacted by the eighth grade, members of which will become high school students next year. This program also will be under the direction of Mrs. Pierson.

On Tuesday evening, June 4, Mrs. O. F. Summer, Mrs. Jack B. Davidson and Miss Marion Lester will present their music pupils in a piano recital at the school theatre at 8:15 o'clock.

Tricemont Terrace Snow Scene Put On Post Card

A picture of Tricemont Terrace, portraying a snow scene in colors, appears on a stock postcard recently put out by the Asheville Postcard company. The picture was taken by S. C. Russell last year to add to his own private collection of postcards, and met the instant approval of the Asheville company. This is the second honor to come to Tricemont terrace in recent years. A few years ago it was written up by Duncan Hines in "Adventures in Good Eating".

Mr. and Mrs. J. Harvey Trice

are beginning their eleventh season at Tricemont, and will open the hotel for the season the week-end of May 31.

VOTE for PROGRESS

WE NEED:

Industrial expansion. Additional plants mean more jobs for our people, and less taxes against our property.

Increased tourist business. To this end we must work for greater development of the Great Smoky Mountains National Park, and for construction of proper highways to this great outdoors playground. To further this, I propose a meeting of Congressmen from North Carolina and Tennessee, that we may profit by joint effort.

Agricultural advancement. Natural advantages here for dairying, orcharding, truck and general farming are unsurpassed, and our farmers must be supported in their activities that count so heavily in making mountain Carolina a better and better place to live.

Cooperation among our Chambers of Commerce, our Boards of Commissioners and other groups, that our section may be adequately advertised and its glories made known to the world.

Encouragement for our young people, that they may assume with enthusiasm the opportunities for leadership now unfolding to them. Particularly would I mention the need for more Junior Chambers of Commerce, and the vigorous undertaking of community projects for which they are so well qualified.

IF ELECTED TO CONGRESS

Your Congressman, I feel, should play a major role in all these moves; he must lend a helping hand in every community-improvement project in his district. If elected to Congress, I expect to give our people this active kind of representation. Are you satisfied with present conditions? You have the opportunity now to vote for a change!

Further, I propose that our GI's and other veterans be given service not excelled in any District in our country. You know my plans to appoint a secretary who will be a veteran and familiar with the laws affecting veterans, and who will live in the District and be available to veterans and their dependents at all times.

Better educational advantages for the youth of the State is another cause for which I shall labor. Hence, I will support Federal assistance to our schools, thus to raise educational standards without imposing increased state taxes on our citizenship.
