## W. S. Davis, 82, Honored On Birthday

W. S. Davis observed his eighty-second birthday anniversary Monday, the day beginning for him with a recognition of the occasion over WSB, Atlanta, at 8 o'clock, followed by a shower of birthday greeting cards from friends here and elsewhere, and congratulatory telegrams from his son, Dr. Warner P. Davis, of Lexington, Ky. and Margaret Harry, of Greenville, Ga.

A retired merchant, Mr. Davis is formerly from Georgia, but has been a Highlands resident since 1914. He served as mayor of Highlands two terms and completed the unexpired term of G. W. Marett, who resigned. During his last term of office, in 1937, the bonded debt of the town was refunded and its credit reestablished.

A Methodist, Mr. Davis has served on various official boards of the church for more than 60 years. He has a son and daughter and a son-in-law, who have been Methodist ministers for many years, and two grandsons and a grand-son-in-law who have recently entered the ministry of the Methodist church.

Among Mr. Davis' present hobbies are the care of a flock of white Leghorn chickens and a vegetable garden. Judging from appearances, coupled with a keen mind, the years seem to sit lightly upon his shoulders.

### WILL HOLD ANOTHER SQUARE DANCE AS MUSEUM BENEFITS

The Saturday night square dance at the Museum proved so successful that Mrs. Stella Caziaro and Mrs. Mairi Foreman, members of the committee in charge of arrangements, have announced another dance for this Saturday night, beginning at 8 o'clock, to which the public is invited. The proceeds from all such dances will be used toward the purchase of a binocular microscope for the Museum. The last Saturday night dances were called by Wallace Henry and Clark Foreman.

## MUSEUM NATURE STUDY PROGRAM IS UNDER WAY

### 2 Groups Hold Weekly Sessions; Rattler Is Attraction

The summer nature study program at the Highlands Museum is well under way, with two groups of participants meeting each Tuesday morning at 10 o'clock. One group is made up of children from four to nine years of age, and the other from ten upwards with the study in charge of a different volunteer each time.

This week Clifford Pope took the younger group on a conducted tour of the Museum, and Ralph Sargent led the older students on a hike devoted to tree explorations.

Future studies will include shrubs, flowers, birds, reptiles, amphibians, ferns, and minerals. The Museum invites all young people and other interested Highlanders to attend the Tuesday meetings.

The current exhibitions of live animals include many varieties of local snakes as well as salamanders and lizards, which visitors are free to examine at close quarters.

By far the most popular attraction at present is a handsome rattlesnake, recently captured and presented to the Museum by Tudor N. Hall of Highlands.

The trustees of the Hudson Library association met last week to discuss further plans for the summer, which include the annual meeting of officers and members on August 1, and the annual silver tea August 7, sponsored by the association, to which friends and members will be welcome.

At the trustees' meeting, plans also were discussed for interesting more friends in joining the library association, which has maintained the library as a

service to the Highlands community for a period of more than sixty years.

Our true thoughts and efforts are devoted to Electrical Work, and we endeavor to do that one thing well.
