### GROWN UP?

Children like to play grown-up, but they don't like bad-tasting adult laxatives. Don't force them on a child.

### Try Triena FOR CHILDREN

Stop begging your child to take the laxative he needs. Get Triena. Flavored with delicious prune juice, it tastes good. Triena is effective, too, it's made with senna. It may be just what your child needs, if he's suffering with faulty elimination. Use the laxative with prune juice, just give TRIENA as directed. Only 30c for trial size, large size just 50c.

### JOHN L. REESE, HIGHLANDS MAN, WEDS IN NEW YORK

Miss Alfhild Rosmanson, of Brooklyn, N. Y., and John L. Reese, of Highlands, were married Saturday, July 27, at 1 o'clock at the First church of the Brethren, in Brooklyn, with the Rev. Mr. Thomas, officiating, using the double ring ceremony, according to a dispatch received here.

The bride was given in marriage by her father. She was attired in a white satin, princess style, gown, with long pointed sleeves and a full court train. The veil was of French lace, falling from seeded pearls. She carried a colonial bouquet of white roses with a red orchid in the center.

Miss Helen Yarmosheek, of Winsted, Conn., served as maid of honor for her cousin. She was attired in an old fashioned style aqua gown with long ruffled sleeves. Her tiara of flowers matched the gown. Her colonial bouquet was of tallsmen roses.

The bride's mother wore a gray and pink chiffon dress with pink accessories and a spray of orchids.

Joseph Pulah, of Winsted, Conn., served as best man to the bridegroom.

Following the ceremony, a reception was held at the bride's home.

For traveling the bride chose a navy blue suit with which she wore navy accessories and a light blue checked tuxedo style coat and a corsage of white orchids.

After a short wedding trip, Mr. and Mrs. Reese will reside in Brooklyn, where the groom is employed by the Lumino company.

Remember—Our CAR-SERVICE is your best CAR-SAVER. Keep your present car "alive" until you get delivery of your new Chevrolet by bringing it to us for skilled service now and at regular intervals.

We want to thank our customers and prospective customers for your friendly patience while awaiting your new Chevrolets.

We know it is a hardship to wait for needed transportation; but we believe you will understand that we, and Chevrolet, are as eager to deliver cars as you are to obtain them. Unfortunately, production so far this year is far under expectations. Chevrolet Motor Division sums up the situation thus:

"Even though our rate of production normally exceeds that of any other manufacturer, we have been able to build, up to July 1, only 12.4 per cent as many cars as we had built up to that date in 1941. Production is still far below normal, because of frequent shortages of essential materials and parts. Strike after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers every manufacturing and assembly plant. In June we were able to build only 29.2 per cent as many cars as we produced in the same month in 1941."

While production is restricted, so—in proportion—are shipments of cars to us. As production increases, we are assured of getting our proportionate share of the total—and as quickly as cars are received, we will speed deliveries to our customers.
