**Be Quick To Treat
Bronchitis**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

TAKE A DEMONSTRATION RIDE ON
TOMORROW'S GREAT NEW PREMIUM TIRE

If you drive a car, you should discover what it means to ride on the new U. S. Royal Air Ride Tire.

And you can do just that—today! Although the Air Ride has not yet been released for sale, your U. S. Tire Dealer is waiting now to take you for a demonstration ride in an Air Ride-equipped car... waiting to let you experience an entirely new and thrilling kind of tire performance!

You're riding on more air—a substantially bigger, noticeably softer air cushion. But that's only the beginning. The Air Ride is a magnificently balanced tire—swift, nimble, "light on its feet"—responsive to your slightest touch on the steering wheel.

Try a sudden stop. The Air Ride stops fast! For it has the exclusive U. S. Royal Brake Action Tread—with literally thousands of sure-gripping, swift-acting tread surfaces to wipe away road film and bring you to a safe, straight-line stop.

There never has been a tire like this before. Building the Air Ride requires new molds, new machinery, new methods—but we hope it won't be too long before the Air Ride is offered for regular sale.

See your U. S. Tire Dealer today—actually ride on this dramatically different premium tire—prove for yourself that the Air Ride is the tire you'll want to ride on for keeps!
