Mr. and Mrs. King Smith, of H. Lassassa Springs, Fla., have announced the marriage of their daughter, Miss Kaye Smith, to Malcolm Owen Zoellner, son of Mr. and Mrs. Carl H. Zoellner, of Highlands, December 25 in Inverness, Fla.

For her wedding, the bride wore a robin's egg blue suit with black accessories. At the time of her marriage she was taking a nurses' training course.

The bridegroom is the youngest of four brothers to serve in World War II. He spent two and a half years in the U. S. Naval Air corps as radioman, the greater part of this time in the Pacific.

In keeping with one of Highlands' oldest customs, approximately fifty persons took part in the serenade given Mr. and Mrs. Zoellner on their arrival Saturday night at the Zoellner home.

Farmers

Urged To Take Stock At Year's Start

All business firms take stock at the close of the year and this is a good thing for the farmers to do also, says C. B. Ratchford, of State college, who points out that one of the most important factors in successful farming is "farm planning."

"It's a good time now to do some simple arithmetic on the farm," Mr. Ratchford explains. "Determine what it has cost to produce a gallon of milk, a pound of pork or beef, a pound of cotton or tobacco, and a bushel of wheat or corn."

Mr. Ratchford pointed out that farm prices may not remain as high as they are at present and that as these prices drop, it will be more necessary than ever to watch production costs.

"In time of high prices almost everyone can make a profit," Mr. Ratchford said, "but when prices drop and the margin between production costs and selling prices narrows, it is the farmer who plans his business who generally comes out on top."
