Mrs. Richard W. Pearson is expected to sail from England February 22, according to a cablegram just received by Mr. Pierson.

Mr. and Mrs. Pearson were one of the few couples to get married by telephone. The long-distance ceremony was held in Charlotte last August 2 in the hope that it might hasten the bride's passage to this country. On her arrival in the United States, a second wedding ceremony will be held in the Episcopal church in Carrabelle, Fla., where Mr. Pearson's mother and step-father, Mr. and Mrs. A. Rockwell Nall, are spending the winter.

Mr. Pearson was in England a number of times during his several years of service in World War II, and it was while a patient in a convalescent hospital on his first trip there that he met Mrs. Pearson, who is the former Miss Thelma Lawton Heywood, of London.

SCHOOL'S PAST FUTURE STUDIED AT P. T. A. MEET

Mrs. Pierson Stresses Need Of New Building At Highlands

The February meeting of the Highlands Parent-Teacher association, held last Tuesday, centering around "Founders' Day", the local association devoted its program to a background and a forward look at the objectives, achievements, and anticipated future progress of the organization.

Mrs. J. M. Valentine, acting chairman of the program committee, called upon Mrs. M. A. Pierson, a charter member of Highlands P. T. A., to review in their highlights the work and interests of the association. Her outline, briefly stated, was the physical, moral and mental needs of children as they have been met by the school and supplemented by the P. T. A.

"Let it be said in passing that in spite of misinterpretations of motives, misunderstandings, and mistakes in methods, always there has been a desire to see that all things needed to make this a progressive and accredited school stand uppermost in the planning and activities of the P. T. A.

"Our needs are great, but it is with hope and courage that we face that future, so clearly pictured by Mr. S. L. McCarty, which we trust will have its beginnings soon in a new building placed on a tract of land acceptable to the state and sufficiently large to meet the future developments and growths of our school.

"The ground is ours; the children are awaiting their opportunities. Let us, therefore, shoulder our responsibility of building a house adequate to our growing educational needs, and, if necessity arise, let us not be loath to contribute all that we may be called upon for to help complete the furnishings of the interior—and there will be many such calls, we are happy to say.

"Let us never be satisfied with what we have, nor with what we have done, for satisfaction means stagnation; on the other hand, let us never forget to be grateful for all things that will further the educational needs

With Mercury Hanging Below Zero, Visitors Pour Into Highlands For Ice Skating

Blustering in last week on icy winds and bringing zero weather, Old Man Winter compensated for the lateness of his arrival in Highlands. Reported thermometer readings ranged from 6 to 16 degrees below zero Wednesday morning, 6 below Saturday, 10 below Sunday and 2 above Monday.

Light snows fell Tuesday, Thursday and Friday nights. Highlands lakes were frozen over to a depth of four to six

inches and ice skating was the order of the day for home talent and week-end visitors.

Hotel Edwards, the only hotel open at this season of the year, was crowded with guests from Greenville, Anderson, Clemson college, and other nearby towns, who came to enjoy the skating. Two of the most popular skating lakes were Harris Lake, back of Kanonah lodge, and Mirror Lake.

Blue mold has been reported damaging tobacco plant beds in Florida and southern Georgia.

Auxiliary's Study Book Reviewed By Miss Ruth Carter

"India at the Threshold", the annual study book of the woman's auxiliary of the Presbyterian church, was reviewed by Miss Ruth Carter at a meeting held last week at the home of Mrs. O. F. Summer on Pierson drive, and a foreign mission offering was taken. Following an interesting discussion of the book, refreshments were served by Mrs. Summer.

The monthly meeting of the auxiliary will be held this week at the home of Mrs. Sidney McCarty, and will feature the annual election of officers.

and desires of our people.

"At a later date the time of the March meeting will be announced. It is sincerely desired that at that meeting the entire membership, and others, be present."
