**Most Summer
Visitors Are
From South**

RALEIGH. — Western North Carolina's best vacation customers probably are residents of the states to the south, according to a survey recently made by the N. C. Travel Council and

**USES SOUGHT

NOW DISCARDED**

**Ways To Turn Waste
Materials To Cash
Being Studied**

A three-way drive to turn the South's waste materials into valuable commercial products is being pressed this year by the U. S. Department of Agriculture in cooperation with leading industries and universities. Such familiar and hitherto worthless by-products as corn cobs, grain stalks and husks, cottonseed hulls, buckwheat blossoms and chicken feathers are already finding wide usage

the State Division of Advertising and News.

Floridians predominate at resorts lying south of Route 70 and west of Asheville, and are especially prominent in late summer and fall, according to the survey.

Next to the Southern states, the Midwest, notably Ohio, furnishes most visitors to the mountain resorts. The survey indicated the average length of stay ranged from one week to 15 days; average expenditure per visitor was estimated at \$10 plus.

The survey showed that 1,147,337 persons were checked as entering the Great Smoky Mountains National park in 1946; 720,300 persons using facilities of the Pisgah National forest in 1945; 86,061 persons in Nantahala National Forest; and 795,365 persons on the North Carolina part of the Blue Ridge Parkway last year.

**Mill In Georgia
Always Pays With
Silver Dollars**

LINDALE, GA.—The visitor to Atlanta walks into a store and plunks down one or more silver dollars to pay for his purchase.

The clerk's face lights up. "I know where you're from," he says. "You're from Lindale!"

And 99 times out of a hundred the clerk is right. Lindale, a relatively small town, is 70-odd miles from Atlanta.

Since the beginning, it has

been the custom of Lindale's principal industry, the plant of the Pepperell Manufacturing company, to pay off in silver dollars.

Of course, the 50-year-old cotton mill does not pay off entirely in silver dollars. What with cotton mill wages having doubled in the last five years, that would make too heavy a load. The worker is paid in "folding" money—fifties, twenties, tens, fives—but no one-dollar bills. Instead of the one-dollar bills, he gets silver dollars, which aren't too common in these parts.

in important industries, and the department's Southern laboratory at New Orleans will devote 1947 to exploring the commercial applications of many others, including peanut shells, sweet potatoes and cotton fibers.

Potentialities of the far-reaching research program are found, it was pointed out, in the uses now being made of corn cobs by such companies as SKP Industries, Inc., which reports use of approximately 48,000 pounds of ground cobs annually to burnish and clean rail and roller bearings.

Hardly a leaf is being left unturned by researchers.

The University of Pennsylvania medical school is experimenting with the lowly buckwheat plant, traditional griddle cake ingredient, to extract rutin, needed for high-blood pressure victims. Other experts hope to develop a strong synthetic fibre from the 175,000,000 pounds of chicken feathers thrown away annually.

In southern Florida a \$17,000,000 factory has been erected for large-scale production of starch from sweet potatoes, and such construction-board manufacturers as Celotex corporation, Chicago, and Maizwood Insulating company, Dubuque, Iowa, are buying up straw, stalks and husks as raw materials. Peanut and cottonseed hulls are providing synthetic motor fuel at the rate of 90 gallons to the ton.

To increase yield of penicillin, chemists and scientists are feeding the drug-producing mold a \$234,000 yearly diet of 6,000,000 pounds of sugar obtained from milk. Three Agriculture department research stations are producing tannic acid, essential for curing hides, from wild sumac leaves, while off-shaped lemons, once discarded, are now producing profits in the form of lemon oil, citric acid and pectin.

been the custom of Lindale's principal industry, the plant of the Pepperell Manufacturing company, to pay off in silver dollars.

**QUICK RELIEF FROM
Symptoms of Distress Arising from
STOMACH ULCERS
DUE TO EXCESS ACID**

Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing
Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. Sold on 15 days' trial. Ask for "Willard's Message" which fully explains this treatment—free—at Perry's Drug Store

**Beware Coughs
from common colds
That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

ATHLETES FOOT GERM
Imbeds Deeply to Cause Painful Cracking, Burning, Itching
HARD TO KILL

Requires a PENETRATING, mobile agent such as undiluted alcohol. TE-OL Solution, made with 90% alcohol, PENETRATES to carry the active medication to reach MORE germs and kill on contact. FEEL IT START TO WORK IMMEDIATELY.

IN ONE HOUR.
After using, if not COMPLETELY pleased, your 35c back at any drug store. TE-OL is clean, colorless, non-greasy, easy and pleasant to use. Apply FULL STRENGTH for Athletes Foot, Itchy or sweaty feet, P. O. (foot odor), insect bites or poison ivy. TE-OL today at Angel's Drug Store.

**CONSTIPATION
Risky in
BAD COLDS**

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take CALOTABS

CRY BABY

When children cry, are upset and irritable, with a coated tongue, they may need a laxative. TRIENA is the children's own laxative—effective, thanks to senna—easy to take because it's flavored with prune-juice. TRY TRIENA. Caution: use only as directed. 30c, large size, 50c.

Our hat's off to Old Faithful!

**GOOD CARE
COUNTS!**

There she goes... just a car... any car... maybe yours...

But think how well she has served! All through the war—through years of scarce parts and no new cars—Old Faithful kept on piling up the weary miles. She went when you needed her. She still does. She stands ready today to serve you 'til a new one takes her place. So bring her into your nearby Esso Dealer for the care and treatment she deserves. She's earned it!

New cars, too, need the expert care that every car gets at the Esso Sign!

FOR DEPENDABLE ENGINE PROTECTION ask for unexcelled Esso Motor Oil. Protective lubrication with long-lasting economy. Outstanding value in one of the world's finest motor oils!

CHASSIS FRICTION spots need care as you pile up the miles. Sturdy Esso Lubricants will help reduce wear and avoid repairs—expertly applied by your Esso Dealer.

DON'T LET TROUBLE catch you on the road—have tires, battery and other vital parts inspected now. Your Esso Dealer will tell you whether they need servicing or replacements.

FOR SMOOTH, FAST PICK-UP, for power on the straightaway or up the hills... enjoy Esso Gasoline. Smooth performance mile after mile... and the added engine protection of patented Esso Solvent Oil.

The Sign of Happy Motoring
