**FIRST IN CAR SALES—FIRST IN TRUCK SALES  
FIRST IN COMBINED CAR AND TRUCK SALES!**

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars—more Chevrolet trucks—more Chevrolet cars and trucks combined—than any other make, despite the fact that Chevrolet was out of production entirely during the first three months of the year! A magnificent tribute to Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best proof you can possibly

have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production means quicker delivery of your new car or truck.
