**School Board Postpones
Naming Superintendent**

Gibson seconding. The name of
Mr. Cabe, of Smith Bridge, was
proposed by Mr. Sloan, and sec-
onded by Mr. Byrd.

Nantahala Group Re-Named
Mr. Byrd moved, and Mr.
Browning seconded, the appoint-
ment of the three for Nantaha-
la, all now serving on the
committee.

In Highlands district, Mr.
Anderson's name was suggested
by Mr. Moore. Mr. Browning
nominated him, and the nomi-
nation was seconded by Mr.
Sloan. Mr. Potts was nominated
by Mr. Byrd, with Mr. Gibson
seconding. Mr. Sloan nominated
Mr. Bryson, and Mr. Byrd sec-
onded his nomination.

It was decided to ask the
committees to serve in a gen-
eral advisory capacity to the
county board, and the board
voted to request the commit-
tees named to meet with Supt.
Houk and as many board mem-
bers as can attend tomorrow
(Friday) at 10 a. m. to discuss
their duties. It also was pointed
out that each committee should
act promptly in electing prin-
cipals, so that the principals
chosen then can meet with the
committees to elect teachers.

Defers Election
Chairman Moore then an-
nounced that the next order of
business was the election of a
county superintendent.

"I doubt it", interjected Mr.
Houk, and he called the board's
school senior part-time until
commencement, then full-time.
Apply at Franklin Press Satur-
day before noon.

FOR SALE—117-acre farm, 18
acres in cultivation, 20 acres
pasture, balance in timber.
Good house, water and outside
buildings. Farm equipment,

attention to the law providing
for 15 days' public notice that
a meeting of the board is to be
held to elect a county superin-
tendent. "I don't think a coun-
ty in the state ever has observ-
ed the law, however", he ad-
ded.

Remarking that he was not
in a position to know what
other counties do, Mr. Sloan
said he thought "we should
comply with the statute", and
he moved for postponement of
the election until notice could
be given. After considerable dis-
cussion, during which Mr. Houk
explained the state's teacher
allotment plan, Mr. Browning
seconded the motion, and it was
carried.

Raises Diploma Issue

At this point Mr. Sloan, act-
ing at the request of the local
post of the American Legion,
brought up for discussion the
question of issuing high school
diplomas to Macon veterans who
entered the armed forces before
completing high school, but
have satisfactorily passed tests
given by the Armed Forces In-
stitute. He said the State Board
of Education permits issuance
of diplomas, but leaves the deci-
sion to the local units.

Mr. Sloan, quoting Dr. Carl
Killian, of Cullowhee, as saying
that diplomas are given every-
where in the state except in
Macon county and at Fayette-
ville, argued that "our veterans
should have the same advan-
tages as those of other coun-
ties". And during the 30 or 40
minutes' discussion that follow-
ed, he repeatedly came back to
that argument.

Mr. Houk argued that a high
school diploma "really doesn't
mean anything", explaining that
a transcript of credits is what
is required for college entrance,
and said that he was opposed
to giving a student "what he
hadn't earned."

Mr. Sloan countered by say-
ing many veterans have no in-
tention of going to college, but
want a high school diploma;
there are many jobs for which
a man may not apply unless he
holds a high school diploma, he
insisted. He added that he knew
Macon County men who have
gone to Sylva and obtained the
diplomas they could not get
here.

He then moved that the su-

**Draft Board Completes
Its Job After Six Years**

laboratory services.
In every instance these per-
sons served without pay.

Not once, during the board's
existence, draft officials said
this week, did anyone decline to
do anything he or she was asked
to do to help in the work of
selective service; without excep-
tion, the response was prompt
and cheerful.

The draft office will remain
open temporarily, and will be
known as the office of selective
service records, while the re-
cords are being put in order,
preparatory to shipment to a
central depot.

The draft board, however, as
a part of selective service, held
its final meeting March 31, and
the minutes of that meeting
contain the following:

"The chairman . . . expressed
himself as feeling that the
board, on the whole, had done
a good job with a minimum of
public criticism. . . . He said he
felt that each member with
whom he had served had been
most faithful and conscientious
in performing the tasks set for
the national and state head-
quarters. He also expressed
thanks to all the clerical help
who had served during the six
years and more of the existence
of the board."

To this, Chairman Long ad-
ded:

"I particularly want to express
appreciation for the attitude of
the general public. It has been
splendid. I, and, I am sure, all
others who have served on the
board, are grateful for the pub-
lic's cooperation with us in a
difficult task.

perintendent be requested by
the board to issue diplomas on
a basis of Armed Forces Insti-
tute credits.

After considerable further
discussion, Mr. Houk agreed to
issue diplomas, but insisted he
was unwilling to give college
entrance credits for work not
taken. Mr. Sloan agreed that
such credits should not be given.

At this point, Mr. Byrd sec-
onded Mr. Sloan's motion and
it was carried.
