"Service with a Smile"

Motorists are mighty glad to patronize Ed's Service Station. The driveway's always cleanly swept, the pumps kept nicely painted, and the office and rest rooms neat and spotless. And Ed himself is "Service with a Smile."

It's not only Ed's idea. The company that supplies Ed's oil and gasoline insists on certain standards—not just in the upkeep of the station, but in the courteous service that Ed renders.

It's like the brewers' program of Self-Regulation. Through bulletins, meetings and personal visits, the brewers encourage retailers of beer to maintain clean, law-abiding taverns. Those that don't toe the line are reported to the authorities.

From where I sit, it's just common business sense to see that the product which you sell is handled by responsible, courteous people through attractive outlets. It wins the good will and the gratitude of the community.

THE OLD AND THE NEW . . . Leslie Oakley, who is a foreman in a Spray, N. C., cotton textile mill, which is one of the most modern plants in the country, spends his off duty hours at his forge practicing one of the oldest crafts. A devotee of the blacksmith's art for several years, he has a small shop in the rear of his home where he turns out just about everything that can be made of iron.
