It's been in your Pocket

You've dropped it in the collection plate on Sunday.
You've used it to pay the butcher, the grocer, the

tax-collector.

You've used it to swell your savings account, to educate your children, to build your home.

For it's one of the millions of dollars the Southern Railway System spends in the South every year . . . dollars that find their way to you through your banks, your stores, your business, your job.

Over half of all the dollars we take in begin their journey to you in the pay envelopes of our 50,000 em-

ployees. Others go direct to the South's industries and farmers to buy the materials and supplies we use. Some become tax money, helping to foot the bills for schools, highways, airports, fire departments and other governmental services.

In many ways over and above providing an efficient, dependable, economical, privately-owned transportation service, the Southern helps to prime the South's economic pump—and thus puts dollars in your pocket.
