Community Theatre Will Present 2 Performances At Highlands August 20

The Highlands Community theatre will present "The Night of January Sixteenth" on Wednesday, August 20, at the Highlands school auditorium, it has been announced by Col. Ralph H. Mowbray, recently elected president of the board.

At the annual business meeting of the Theatre July 22, to which all subscribing and active members were invited, the resignation of Kenyon Zahner, former president, was accepted, due to absence from Highlands, and Col. Mowbray was unanimously elected as president.

Col. Mowbray has been a year-round resident of Highlands for the past eight years and has played a role in five of the seven plays produced by the Highlands Community theatre. He came to this community from Culver, Ind., where for many years he was professor of history in the Culver military academy. Col. Mowbray is intensely interested in developing participation in the productions of the theatre as a stimulating group recreational program in this community, and said that next summer the theatre plans a series of plays, as in pre-war years.

A financial report was made

at the annual meeting, and the president was asked to appoint a constitutional committee to draw up a constitution, designating purpose and establishing eligibility for membership. Heretofore, members of the board have been any interested Highlands residents who volunteered for the jobs to be done in order to establish the foundation of a permanent active organization, and the present board of directors will continue to serve through this summer's production.

Tickets will be on sale soon for the matinee and evening performances of "The Night of January Sixteenth".

Volunteers interested in understudying parts already assigned, assisting with pastor work for window displays, or serving on the ticket sales committee are invited to contact Miss Winnie Eskridge, at Telephone No. 82.

The play will be directed by Mrs. Jack Wilcox and Mrs. Arthur Little. Rehearsals are being held at the Highlands school house. Craig Cranston, stage manager, also will welcome volunteers in the making and manipulation of the stage set and obtaining props.
