MACK SAYS:

Saw a man—a Scotsman—on the street corner the other day. He was holding an unwrapped loaf of bread in his hand. Seemed to be waiting on something.

At last, I had to ask him what it was all about.
"I have my bread", he said, "and now I'm waiting for the traffic jam".
Some folks are like that about their radios.

NEW, WELL-PAID JOBS ARE OPENING UP IN THE REGULAR ARMY'S FIELD ARTILLERY

ALL EXPENSES PAID, AND \$75 A MONTH TO START
Startling changes are taking place in the U. S. Army Field Artillery! Even veterans of the recent war would not recognize the thrilling new equipment which today's Artillerymen are operating.

Some men are chosen for the Guided Missile School, working on rockets and rocket-launching in New Mexico. Others learn to fire some of the Artillery's new "sky-busters," such as "Little David," the 914-mm mortar which hurls a shell weighing almost 2 tons!

If you are 18 to 34, inclusive (or 17 with parents' consent) and otherwise qualified, you can sign up for 3 years or more with the Field Artillery. If you are an ex-serviceman, you can begin a secure career close to home, with reasonable assurance of a one-year assignment in your own Army Area.

Learn while you earn—receive the highest pay in history, free food, clothing, quarters and medical care. You'll have the chance to save up to \$2,000 during a 3-year enlistment.

At no obligation to yourself, see your nearest U. S. Army and Air Force Recruiting Officer at Hotel Hearn, Franklin. He'll be glad to tell you of the opportunities in store for you.
