

Bulletin

Tells How Best To Feed, Care For Cows

The kind of feed and care which the dairy cow receives largely determines the success in dairy farming, say extension dairy specialists at State college.

If you are in doubt as to where your dairy cows are receiving the proper care and feed, a bulletin entitled Feeding and Care of Dairy Cows, which has been reprinted by the State College Extension service, should prove helpful.

Prepared by Dairy Extension Specialists J. A. Arcey and A. C. Kimrey, the bulletin covers all of the salient points in the proper care and feeding of dairy animals. The authors have tried to pack into 21 pages many answers to the average dairy farmers' questions.

Copies of the bulletin are now available upon request to Agricultural Editor, State College Station, Raleigh. Be sure to ask for Extension Circular No. 193, entitled Feeding and Care of Dairy Cows.

Surveys indicate more and more people are taking part of vacation in summer, part at some other season.

Tobacco

Grading Demonstrations To Be Held Here

It is a known fact that tobacco improperly graded does not bring as high a price as it does when properly graded and prepared for the market.

With this in mind, two tobacco grading demonstrations will be conducted here in Macon County October 7 by Mr. McDonald, a government grader. On the morning of the 7th at 9:30 o'clock a demonstration will be held on Will Ledbetter's farm at Riverside. In the afternoon at 2 o'clock a demonstration will be held on the farm of Arthur and Theodore Raby at West's Mill.

Every one interested in properly grading and preparing their tobacco for the market should be present at one of these demonstrations.

Huge Potato Raised By Dills At Skeenah

One of the largest Irish potatoes ever grown in this section was raised this summer by Beacher Dills, of the North Skeenah community.

The potato in question, the largest of four in a hill, was nine inches long and thirteen inches in circumference. It tipped the scales at three pounds.

Mr. Dills said that the seed used were certified Sequoia's.

Farmers are raising 34,667,000 turkeys this year.

4-H GIRL GETS CALF—When Frank Deal, of the Cat Creek community, was presented a registered Guernsey heifer by Wiley Brown in the spring of 1946, it was with the understanding that the boy would turn the animal's first heifer calf back to Mr. Brown. Recently Frank "paid" for his original calf, and Mr. Brown promptly presented this new link in the chain of fine dairy stock to Othello Cabe, 14-year old daughter of Mr. and Mrs. Jack Cabe, also of Cat Creek. The three are shown above with Othello's calf. Othello, who attends the Franklin High school, long has been active in the Holly Springs 4-H club, of which her mother is the adult leader.

Dies Of Pneumonia At Oak Grove Home

Funeral services for James Henry Burnett were held at the Oak Grove Baptist church last Thursday morning at 11 a. m.

Mr. Burnett died Wednesday morning from pneumonia at his home in the Oak Grove community after having been in ill health for the past two years. He was 78 years of age and had spent most of his life as a farmer in this community.

The Rev. Norman E. Holden conducted the service and burial followed in the church cemetery.

Pallbearers were T. J. Childers, Shirley Childers, Clyde, Dover, and Robert Burnett, and Everett Sanders.

Surviving are his widow, Mrs. Laura Shuler Burnett; six sons, Frank and Harley Burnett of Greenville; two daughters, Mrs. Fred Childers of Franklin, Route 3, and Mrs. Walter Saunders of Martinsville, Va.; 46 grandchildren and 19 great grandchildren.

To raise MORE pigs..

Feed TUXEDO PIG MEAL to Sows and Pigs

Avoid setbacks of your pigs at weaning time by starting them early on TUXEDO Pig Meal.

Feed it also to the sows before and after farrowing, for richer milk and healthier litters. Feed Tuxedo from start to finish for better profits.

MARKETING with Marjorie

If you have trouble luring your family away from the funnies and sports pages on Sunday mornings, try serving these tempters for breakfast. They'll make even Dick Tracy and the latest scores take a back seat!

APPETITE AWAKENER

Brightest breakfast idea in a month of Sundays . . . French Toast Logs made like this: Break 2 eggs into shallow dish; beat lightly with fork; add 1½ cups of milk and ½ tsp. salt. Cut crusts from 12 slices of tender-textured, oven-fresh MARGARITA WHITE BREAD, from the A&P. Dip each slice into egg mixture. Brown lightly on both sides in hot fat in heavy skillet. Spread with preserves, and roll. 6 servings.

FRY THIS FOR SIGHS!

To make small fry finish their farina . . . and sigh for seconds . . . fry ANN PAGE MELLO-WHEAT FARINA from the A&P. Cook 1 cup of this pure, refined wheat cereal in 1 quart of boiling salted water to a thick mush. Pour into small loaf pan; chill; turn out and cut into five or six ½-inch slices. Dip in seasoned flour and fry to a golden brown in hot skillet with bacon or sausage fat. Serve with jelly, preserves, syrup.

JAM SESSION

I could eat jam-filled baked apples for breakfast Sunday, Monday or all-days. To prepare them, I core medium-sized apples, place them in a baking dish, and fill each cavity with 1 tbsp. of A&P's luscious ANN PAGE GRAPE JAM. Then I cover the bottom of the pan with water and bake in a moderate oven, 375° F., 30 minutes, or till the apples are soft, basting occasionally with the liquid in the pan.

VOICE YOUR CHOICE!

One of the nicest things about Sunday is that it gives you leisure to enjoy all the coffee you want. And one of the nicest things about A&P COFFEE is that it gives you the exact blend you want. There are 3 delicious ones to choose from . . . EIGHT O'CLOCK (mild), RED CIRCLE (medium) and BOKAR (strong). Discover your favorite today . . . have it Custom Ground when you buy it, just right for your coffeepot . . . and wake up to coffee that tastes better every day in the week!
