No! this photo shows a section of one of last season's children's audiences at a North Carolina Symphony orchestra concert. The Symphony, which has played here twice, is scheduled to return next March. The local campaign for members, to make the orchestra's visit possible, will get under way next week.

Cherokee Information Booth Proves Popular

Of the slightly over a half-million cars touring the Great Smokies to October 1 this year, 7,445 stopped at the information booth recently established by the Cherokee council and the State News Bureau in the Administration building of the Indian school. More than 100 persons representing 13 of the 16 Home Demonstration clubs in Macon County were present at the Annual Achievement day program held in the Agricultural building on October 30.

To Our Friends and Customers...

For 23 years the Blaine family has operated a seed business in Franklin. Last week we sold our business to Mrs. R. E. McKelvey, who will continue it.

We look back with pleasure across the years—and the months and the weeks and the days—that make up that period of more than two decades.

It has been a period of progress in Macon County; a period of serving a growing and developing community; a period of seeking and winning the respect and confidence of the trade, through operating the business on Christian principles and taking the utmost pains always of making fast friends.

Your patronage, which made the business possible, has always been appreciated. Your friendship we shall always treasure.

To all our friends and customers, a heart-felt

THANK YOU!
