CARD OF THANKS

My Dear Franklin Friends:

There is but one way—and that through these columns—to reach all of the many, many friends who have showered me with so much kindness.

At first, I thought surely the "Friendship Train" had miscarried, but was assured to the contrary.

Words fail me to express my appreciation of your unselfish neighborly goodness and love. From my heart I thank you.

Atlantic Beach Claims Record, No Drownings

Atlantic Beach.—There has never been a loss of life by drowning within the protected life guard area of this ocean resort, according to Mayor Newman Willis who has been a resident of Atlantic Beach since it was founded among the Bogue Island dunes.

"We believe this is an Atlantic coast record, insofar as surf safety is concerned", said Mayor Willis. He claims that Atlantic Beach surf is safer because of the topography of Bogue Island which extends east and west instead of north and south. "The dangerous undertows which cause drownings in the surf are those which extend north and south, and not east and west", he said.

"Try that seat, Jack. It's fully adjustable. They tell me it's got 12 inches more foot room, and eight inches more seating space, too. Man, what comfort!"

"Take a look at that cab, all one piece. Not a rivet or bolt. There's 22% greater visibility—and even more with those new rear-corner windows!"

"You ought to get a look at that new frame. It's big, and it's REALLY built!"

"This beats any truck I've ever seen! Why, it's built to do ANY job!"

"Have you seen that new Chevrolet truck, Mac? Here's something DIFFERENT! It's the truck with Advance Design!"

"The cab's specially mounted... on rubber! It practically eliminates road-shock, jolts and vibration!"

"I took a look under the hood and, boy, it's still got that valve-in-head engine! It does more work on less gas than any other engine of its size!"

BEER—America's Beverage of Moderation

Yes, Sir, Mr. Citizen—

The Brewing Industry Agrees with You!

You want the legal and entirely reasonable rules that go with beer licenses in North Carolina to be respected and enforced.

So does each and every one of us in the North Carolina brewing industry.

That's why we have our Self-Regulation program to see that those granted beer licenses hew to the line.

Begun in 1939, Self-Regulation has well established its effectiveness. The public, press and law-enforcement agencies have applauded its methods and objectives.

We see eye to eye on this program. Let's work shoulder to shoulder to maintain an already creditable record!
