An epidemic of colds has struck Nantahala High school, causing several absences.

Herbert Bateman is at home ill, and Joe Stepe has just returned to school after recovering from a severe cold.

Despite the absence of their leading players, Nantahala high met Andrews, on the Andrews court, December 5. The girls of Nantahala were victorious, but the boys, who were compelled to use substitutes from the second team, and were greatly handicapped by the absence of their captain, six foot, two Herbert Bateman, were beaten.

Cherokee locked horns with Nantahala November 25 and the girls' score at the end of the game was tied. However, the boys were beaten one point by the Cherokee boys.

Nantahala girls so far have not lost a game this season.

**Frogs Are Imported By Air For Swedish Scientists' Test**

A load of croaking frogs recently arrived at the Bromma airport in Stockholm, Sweden, from Hungary and consigned to Swedish scientists who are carrying on experiments with the transmission of impulses from nerves to muscles.

"On top of the dollar shortage there is a shortage of frogs in this country," one scientist complained. Swedish frogs disappeared during the summer draught.

THE intention of every man with a family is that his property be passed on to his wife and children at his death. Unfortunately, this doesn't always happen because the family may be the very last to receive a part of the estate property. Funeral expenses, other death costs and outstanding debts have to be paid, and they come ahead of the family.

Thousands of far-seeing men are using our special Jefferson Standard Clean Up Plan to take care of last expenses. This plan will put your family first and assure them of receiving all of the property that you leave. It can also be combined with other Jefferson Standard plans to provide replacement of income. At no cost, ask about our Clean Up Plan today.
