Harmonicas On Sale In **Stores Again** TOTAL \$20,332 Christmas this year-the sec-

ond full calendar peace-time since the start of World year War 2-has brought back to store counters many items, and especially a number of toys, notably absent during the war. Among them are harmonicas.

been available, a leading hard-ware merchant here said. And in connection with his stock of harmonicas, he pointed out something puzzling acou-one shipment of fine instruments he received.

THE FRANKLIN PRESS AND THE HIGHLANDS MACONIAN

Each harmonica in this shipment is in a box, and clearly printed on the outside of each box are these words:

"Made in Germany for repa-rations for Poland." Just how did German reparations for Poland reach Francelin? he asked.

Presumably they were ship-It is the first time in eight ped from Poland to the United to the rank of Star scout, years that harmonicas have States. But that is only a guess. Merit badges were away

12 BOY SCOUTS

To Star Rank At Honor Court

Twelve Franklin Boy Scouts received awards or promotions at the Smoky Mountain district

court of honor held at Cherokee last Thursday night. Kermit Dehart was advanced

Merit badges were awarded at the next court of honor.

to Kermit Dehart, Russell Mc- Dean Carpenter Takes Kelvy, Jr., Kenneth Carpenter, Howard Patton; Richard Jones, Al.in Ohies, and Ciaude McFalls.

Waiter Hall, Jr., and Allen Kermit Dehart Advanced Cartledge received second class To Star Rank At Scout badges.

Starting out in Scouting as tenderfoots were Emory Crawford and Bill Morrow.

Mr. Carpenter, who has been connected with the Macon County Supply company and has been associated with his father, E. J. Carpenter, in the insurance business, has accepted a position in Kokomo with the Chrysler corporation.

The production of peanuts in North Carolina this year is estimated at 350,400,000 pounds.

2,300 In Macon Receive Benefits Througa Farm Program By MARY B. JUSTICE Treasurer Macon County AAA

Farmers in Macon County in 1946 received cash payments under the AAA farm program totaling \$20,332.51, and materials valued at \$31,180.32.

IN THIS COUNTY

What is the reason for these payments? many will ask.

During the early part of this century congress realized, along with all farm leaders of tha. day, that the protection and conservation of our farm soils was of concern to all citizensnot just to the individual farmer himself. Up until congress finally took notice of the tremendous loss in valuable topsoil, soil erosion and soil depletion were taken as a necessary evil about which only a tew people were greatly concerned.

Several agencies are working today to a sist the farmer in the protection and improvement of his soils, such as the AAA, Extension service, TVA, CSC, and others; however, the programs administered by the difterent agencies are closely co-ordinated and designed entirely for the conservation of our greatest natural resource-valuable topsoil.

The AAA's part in this work is to encourage the use of vari-ous practices in better farming methods, suited to local conditions, through the incentive payment plan.

For example, for sowing winter legumes for soil protec-tion and improvement during winter months, the AAA pays the farmers at the rate of \$17 per hundred pounds of crimson clover; \$16 per hundred pounds of hairy vetch; \$5.50 per hundred pounds of winter peas. Naturally, seed furnished in whole or in part by the AAA does not earn a cash payment.

Where does the money come from? By congressional appropriation only. As in the post office, the war and navy de-partments, the TVA and others, the AAA is appropriated an amount of money each year to make these soil-building pay-ments. This money, of course, is raised by income taxes; luxury taxes and other sources of revenue with which all are famil-iar. No part of the funds used in the operation of the AAA is taken from municipal or county tax receipts.

Where does this \$20,000 cash payment go each year? It is en-tirely safe to state that more than 95 per cent of this money is spent by the farmers to buy farm supplies, such as more seed and fertilizer to continue to build their soils. And these purchases are, in the majority of cases, made with the merchants of Macon County. Rarely does a farmer buy his farm supplies and equipment by mail order. Thus, more citizens in Macon County benefit directly or indirectly from the more than \$20,000 received in the last year than from any like sum received in Macon County. At present there are more than .300 farmers receiving benefits through the local AAA off.ce.

Does the AAA furnish any-

thing besides cash? In the past 10 years a total of 41,130 tons of limestone have been furnished at less than one third the total cost of the material. A total of 6,490.3 tons of phosphate have been furnished.

A total of \$5,814 permanent pasture have been established along with other soil building practices as seeding legumes and grasses.

Funeral Held For Infant Daughter Of Lester Arnolds

Funeral services for Donna Ruth Arnold, infant daughter of Mr. and Mrs. Lester L. Arnold, of Franklin, were held at the Franklin cemetery last Friday at 3 o'clock. The Rev. Charles E. Parker, pastor of the Franklin Baptist church, conducted the graveside service.

Surviving are the parents and the grandparents, Mr. and Mrs. Oscar Arnold, of the Cullasaja community, and Mrs. George Conley, of Franklin and Macon,

Ga. Bryant funeral home was in charge of the arrangements.

Stewart To Attend Duke

Lt. (jg.) Harold Stewart, son of Mr. and Mrs. Will Stewart, of Otto, will enter Duke uni-versity in January. Lt. Stewart will attend Duke under the re-cently adopted educational program for officer transferees from naval reserve units.
