Adult Membership Scout Campaign Here Overscribed

Macon County over-subscribed its quota in the recent drive for adult members of the Boy Scout organization, B. L. McGlamery, finance chairman, announced this week. The quota was \$637. The funds go for the operation of the Daniel Boone council headquarters, employment of full-time Scout workers, and other council expenses.

Between 50 and 60 workers conducted the campaign, which was carried to most sections of the county, Mr. McGlamery said. He commented that the Highlands community made an unusually good showing, and that employees of the Zickgraf company subscribed 100 per cent. The amount they gave then was matched by the firm, the latter donation making all the Zickgraf employes Scouters or Cubbers.

Students Favor Keeping School Where It Now Is

Students of Nantahala (Otter Creek) school last Friday voted 74 to 26 in favor of keeping the school at its present location.

The students understand that the county board of education may select a different site when a new school is built in Nantahala township, and that some, at least, of the new schools to be built may have to be constructed without auditoriums and gymnasiums.

The present school has a gymnasium and auditorium, and the students took the attitude that the present location would be better than any that might be selected, if the change in location should result in having a building lacking, even temporarily, these facilities.

The vote was taken at the request of citizens of the community. Students from the fourth grade up participated in the ballot.
