BEER—America's Beverage of Moderation

SELF-REGULATION

By The Brewing Industry

FAVORS all efforts to maintain beer retailing in North Carolina on a level beyond reproach. To that end, this Division regularly informs beer retailers as to the requirements of clean and lawful operation. With equal firmness, the Self-Regulation program . . .

OPPOSES anything that tends to undermine the reputation for careful adherence to law and respect for public opinion that the brewing industry has built up. All this, that the public interest of our State, both social and financial, may best be served.
