National Forest Timber For Sale

Sealed bids will be received by the Forest Supervisor Franklin, North Carolina, up to and not later than 2:00 p. m. April 26, 1948 and opened immediately thereafter for all the merchantable live and dead timber designated for cutting on an area embracing about 500 acres within the Indian Camp Unit, Little Tennessee River watershed, Macon County, Nantahala National Forest, North Carolina, estimated to be 3000 cords (128 cubic feet) of chestnut extract-wood, more or less. In addition, there is upon the advertised area an unestimated amount of chestnut sawtimber which will be optional with the purchaser at \$4.00 per MBM. No bid of less than 50 cents per cord will be considered. In addition to price bid for stumpage, a deposit of 10c per cord for all wood cut and \$1.00 per M feet for all sawtimber cut will be required for sale area betterment work. \$300 must be deposited with each bid, to be applied on the purchase price, refunded, or retained in part as liquidated damages, according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the Forest Supervisor, Franklin, North Carolina. M25 and A8-2tc

NOTICE

Notice is hereby given to all the creditors of G & N GROCERY AND FEED COMPANY, which was a partnership composed of Thad Nichols, Charlie Nichols and Hardin Gribble, that said partnership has been dissolved on the 24th day of March, 1948, and assets of said partnership have been sold to Thad Nichols; that the said Thad Nichols has assumed the payment of all liabilities created by said partnership heretofore and is the owner of all accounts receivable by said partnership, and that the members of said partnership will not be liable for any debts created after this day.

This the 24th day of March, 1948

NORTH CAROLINA MACON COUNTY

Under and by virtue of the power of sale vested in the undersigned trustee by a deed of trust executed by John Ledford and wife dated June 19, 1947, and recorded in the office of the Register of Deeds for Macon County, North Carolina, in Book No. 41, page 220, said deed of trust having been exe-

cut to secure certain indebtedness therein set forth, and default in the payment of said indebtedness having been made, I will on Saturday, the 10th day of April, 1948, at 12 o'clock noon, at the Courthouse door in Franklin, North Carolina, sell to the highest bidder for cash the following described land:

All the lands described in a deed from Jim Burston and wife, Mary Burston, to John Ledford and wife, said deed bearing date of 24 April, 1943, and registered in the office of the Register of Deeds for Macon County in Deed Book 1-5, at page 186.

This the 9th day of March, 1948.

GILMER A. JONES,
Trustee.

MORE OIL . . .

...and still more is on the way!

1. Last year, this country used more oil than the whole world did in 1939 - before World War II.
2. There are 3,000,000 more cars on the road than there were before the war. And the average motorist is using 50 more gallons of gasoline per year in his car.
3. 25% more buses - 30% more trucks - serve you now than before the war.
4. Farmers have doubled their use of time-saving, work-saving tractors, trucks, and other equipment since pre-war!
5. 1,500,000 more home owners heat their homes with oil than in 1939.
6. Today, production of petroleum products has reached an all-time record high - 61% greater than before the war and 12% greater than the peak year of war-time production!
7. But you still need lots more oil. And that means new, expanded facilities for finding, producing, transporting, refining, and delivering more oil. And that's the job America's oil industry is working on right now - around the clock and with sleeves rolled up!

THE JOB AHEAD is a big job, calling for big plans and big performance.

ONE BILLION DOLLARS . . . that's one thousand million dollars . . . is what this one company and its affiliates are spending in 1947 and 1948 to modernize and expand production and facilities at the greatest rate in our history.

And that's only part of the story. During the next few years, reports indicate, the oil industry—as a whole—is planning to spend 13 BILLION DOLLARS to do this job.
