- 3 Genuine Ford Parts
- 4 Specialized Ford Equipment

Naturally, we know your Ford best, Remember...

There's no place like HOME for Ford Service

Your Ford dealer knows your Ford best

DUNCAN MOTOR CO.

Franklin, N. C.

A FISH STORY, WITH PROOF!—Francis Leopard, Franklin High school senior, had this photograph made as evidence that the really big one didn't get away. This brown trout, measuring 25¼ inches and weighing 5 pounds, 10 ounces, was caught by Mr. Leopard in Glenville Lake, just across the line in Jackson county, April 4.

Sgt. Mincey Is Awarded His Army Parachute Wings

Sgt. Charles M. Mincey, son of Mr. and Mrs. F. H. Mincey, of Ellijay, has successfully completed the rigid five week basic airborne course at the infantry school, Fort Benning, Ga., and has been awarded the official U. S. army parachute wings, according to an announcement received here.

His air indoctrination included a glider flight to acquaint him with modern glider warfare. Practical instruction in ground assembly, parachute rigging and maintenance, and loading and lashing of airborne cargo—vital skills in all airborne units—were included in his period of training.

During this training he made five parachute jumps from Army cargo aircraft at an altitude of 1,000 feet and achieved the high score necessary to pass the "paratroop" physical fitness test.

Polio Pamphlets To Be Given School Children

"A Message to Parents", a pamphlet on infantile paralysis, has been printed for distribution to homes all over the nation, and every county superintendent of schools in the state will receive enough copies so that each child in the county may be given one to take home, it was announced here this week by Mark Sumner, of Asheville, state representative for the National Foundation for Infantile Paralysis. The distribution is being made through the county superintendents with the approval of State. Supt. Clyde A. Erwin, Mr. Sumner said. The

WILL HOLD REVIVAL

The Rev. and Mrs. Ben Buzzard, of Canton, Ohio, accompanied by the Rev. and Mrs. R. H. Hull, will begin a series of revival services at the Sloan's Union chapel Sunday night. Services will begin each evening at 7:30. Mr. Buzzard is a graduate of the Toccoa Falls Bible college, and at present is engaged in a series of revival services at the River Bend Union Chapel, which are expected to end Saturday night.

THE END

"I want something for a lady—a birthday gift," said the young man. "What would you suggest?"

"Well," said the clerk, "how about some book-ends?"

"Splendid!" was the enthusiastic reply. "Give me half a dozen of your best ends—that's usually the part she reads!"

Hybrid seed has increased corn yields in the nation's Corn Belt nearly 20 per cent in recent years.

pamphlet offers suggestions on how to prevent the disease, and what to do if it appears.

New Spring Models on the Southern

Have you noticed?

It's Spring on the Southern's rails today . . . and we're "all dressed up" with the 116 gleaming new Diesel locomotive units and 2,350 new freight cars we put in service last year at a cost of 24½ million dollars.

You'll see them all over the South . . . sweeping around bends . . . clicking off the miles on the straight-a-ways . . . brightly new, and forerunners of even more and better things to come.

And more are coming! This month we'll begin to get delivery on 3,000 new box cars, ordered a year ago. In July delivery will begin on 1,000 new 50-ton hopper cars. More Diesels and scores

of new and modern passenger cars are coming too! New equipment now on order will cost 38¼ million dollars.

A lot of money? Sure. And most of it is borrowed money . . . to be paid back on the installment plan, plus interest. We're borrowing against the future . . . constantly improving the transportation service the South needs for continuing growth and prosperity . . . because we have faith in the future . . . here in the South.

Ernest E. Norris
