## Nation Needs More Hogs, Farmers Told

The nation needs more pigs. Growers are being urged by the U. S. Department of Agriculture to increase production this fall by at least 10 per cent to provide a minimum of 34,400,000 pigs—3,000,000 more than the total produced in the fall of 1947. These pigs would be marketed as hogs in the spring and summer of 1949.

Officials also pointed out that, with prospective smaller output of other meats and continued high consumer demand in 1949, an increase of even more than 10 per cent in the 1948 fall pig

**WANT RESORT** property; from a cabin camp to larger income properties, that I can sincerely recommend to my many Florida friends and buyers. My long experience and following in real estate, past member of Miami, the Florida association and National real estate boards, with wide acquaintance, qualifies me to help you if you wish to sell. No obligations to have me inspect your property. My renewed contact is getting many people "mountain-minded" for this summer, and your cooperation will qualify me to help them. Write Owen C. Furlow, or drive out to Baird's Cove place, 2 miles west town, and let's talk it over. M27-1tc

**WANT TO BUY**—Nice country hams, free from skippers. No hams with skippers bought. Top prices paid. Dryman Feed & Groc. M27-2tc

crop would be desirable. Individual producers having favorable conditions are urged, therefore, to expand farrowing by more than the 10 per cent increase requested as a national goal.

The increase sought in 1948 fall pigs, together with a larger spring pig crop in 1949, would help to offset the declines expected in the output of beef, veal, lamb and mutton in 1949, and to keep the total supply of all meats from falling below about 140 pounds per capita for U. S. consumers. This compares with 143 to 146 pounds per capita available this year and a 35-year peak of about 155 in 1947.

A more favorable hog-feed ratio is in prospect for 1948-49 than during the past several months. Prices of feed grains are expected to be somewhat lower in the 1948-49 feeding year which begins next October, and there is the further prospect that hog prices will continue relatively high.

### Mrs. Potts, Miss Cowan Attend Welfare Meeting

Mrs. Eloise H. Potts, superintendent, and Miss Anne Cowan, case worker, of the Macon County Department of Public Welfare, attended the Southeastern Regional Conference of the American Public Welfare association in Asheville last Friday and Saturday.

In response to inquiries from many friends, I am glad to make this statement:

If elected to the school board in Saturday's Democratic Primary, I will strive to obtain a Square Deal for the Children of Macon County.

In my opinion, this requires a superintendent who is interested in children, who will visit the schools, and who will devote all of his time and ability to the improvement of our school system.
