# ALL OF STATE GOOD FOR CORN

## Agronomist Reports Keen Interest In 48 Prospects

North Carolina—all sections of it, from the highlands to the sea—can produce good corn yields when recommended practices are followed, according to Dr. E. R. Collins, in charge of extension agronomy at State college.

Records of the 100-Bushel Corn club for 1947 indicate that good corn production is not confined to any particular area, Dr. Collins said. Farmers in virtually every county in the state were able to qualify for membership in the club last year by following approved practices, he asserted.

Such widely scattered counties as Currituck, Transylvania, Union, Forsyth and Pitt were among the leaders in 100-Bushel Corn club membership last year, Dr. Collins stated. He said Wake county led the state with 66 farmers who produced 100 or more bushels of corn per acre in 1947. Randolph placed second with 30, McDowell third with 29, and Buncombe and Nash tied for fourth position with 25 each.

The agronomist said interest in the 200-bushel corn contest for 1948 is increasing each week, as additional farmers enter the competition. A total of \$3,000 in prize money is being offered.

## 235 Attend Vacation Bible School At First Baptist

The daily Vacation Bible school at the First Baptist church, which is being held daily from 9 a. m. to noon, drew an attendance of 235 Monday, the opening day.

A faculty of 38 persons is conducting the school, which will continue through Friday of

next week. Funds collected at the daily offering will be used to sponsor Bible schools in other churches in the Macon County Baptist association, it was explained.

## News & Observer Carries Picture Of Fifth Patton

A 2-column picture of Andrew (Andy) Patton, son of R. A. Patton, of Franklin, appeared in Tuesday's Raleigh News and Observer, under the caption, "Another Patton Graduate". Andrew, who has just received his degree in aeronautical engineering, is the fifth Patton brother to be graduated from N. C. State college. Mr. Patton, who arrived here Tuesday for a visit, was president of his class at State.

## State College Hints To Farm Homemakers

By RUTH CURRENT  
State Home Demonstration Agent

Entomologists advise DDT protection after cleaning clothes closets. Apply a DDT spray to walls, woodwork, baseboards and shelves as a protection against clothes moths and carpet beetles for the warm weather season. An oil spray is best for this purpose because it does not leave a white deposit as a water spray does. It should be a residual spray rather than one of the so-called aerosol bombs or space sprays if it is to be effective over the months in killing insects which come in contact with closet surfaces. Aerosol sprays kill flying insects or those which happen to be exposed at the time but they are without lasting effect because they leave little or no residue. DDT solutions also may be

**BACKACHE**  
For quick comforting help for Backache, Rheumatic Pains, Getting Up Nights, strong cloudy urine, irritating passages, Leg Pains, circles under eyes, and swollen ankles, due to non-organic and non-systemic Kidney and Bladder troubles, try Cystex. **ATHLETES FOOT GELM KILL IT FOR 35c IN ONE HOUR.**  
If not pleased, your money back. Ask any druggist for this STRONG fungicide. TE-OL. Made with 90% alcohol. It PENETRATES. Resashes and kills MORE germs ON CONTACT. Today at ANGEL'S DRUG STORE

sprayed lightly on wool clothes without injuring the fabric. Too much of the solution may show up in whitish traces on dark clothes but these can be removed by brushing or dry cleaning.

DDT spraying is useful for protecting clothes hanging in closets while the more familiar moth flakes or crystals are advised for clothes stored in tight bags, trunks or other containers where a fumigating effect is desired. Added protection may be given to stored clothes by spraying them and their container with DDT.

There exists no problem more important in poultry husbandry than that of supplying an ample supply of succulent green feed for as great a portion of the year as possible.

# Arthritis Pain
