FAMED GOLFERS TO PLAY SUNDAY

club and one of Atlanta's best golfers.

Miss Suggs will be making her first public appearance in a match since returning from England where she won the British Women's championship in May, and her first appearance as a professional golfer. Miss Kirby, also a member of the Curtis Cup team representing the United States against Great Britain in the international matches, was defeated by Miss Suggs in a tough extra-hole contest during the British Women's tournament. Miss Suggs also holds the U. S. Women's title.

Jones, famous for his Grand Slam—he is the only man ever to win the British Amateur and Open and the same tournaments in the United States during the same year and Garlington will be playing on what amounts to their "home courses", so there should be plenty of "fireworks".

Both call East Lake in Atlanta their home course, but they have played so much at Highlands that they will be "strictly

MOVE LAUNCHED FOR ATHLETIC PLAY DIRECTOR

Archer emphasized that it implied no criticism of what has been done in the past, and he praised the "fine work" of W. G. (Bill) Crawford, who has worked untiringly in coaching school teams year after year, in addition to his work as a teacher, without being paid a penny for his efforts in behalf of athletics.

Proceeds from the match, which was suggested by Scott Hudson, president of Highlands Country Club and well-known sportsman, will be presented to the fund being raised to build the Highlands Community hospital.

Tickets for the match are on sale for \$2, plus tax, at various vantage points within a 100-mile radius, or they can be obtained by mail from S. C. Russell, Chairman of the Board of Trustees, Highlands Community Hospital Fund, Highlands, N. C.

letics.

In order to get the state to pay the approximately \$1600, it would be necessary to get a man who holds a teacher's certificate, and he will have to teach three or four classes a day. Supt. Houk explained, adding that he would hope those could be classes in physical education.

He explained that what he has in mind for the school is a well rounded program of physical education, for girls as well as boys, with the emphasis on creating winning ball teams strictly secondary. Mr. Houk added that the Lions club is now developing recreational facilities on the Slagle Memorial grounds, but that there is nobody to direct the activities.

Rotary President W. W. Sloan pointed out that Sylvia recently has set up a similar program.

Gilmer A. Jones, remarking that the suggestion is "one of the most forward-looking" that has been made here in a long time, moved that Mr. Archer be appointed head of a committee to work with representatives of the other local organizations "to push this thing through". The motion was unanimously carried.

A new record for traffic in the Great Smoky Mountains National park was set Sunday, July 5, when 28,798 persons were counted in the area.
