**DEADLINES SET
FOR INSPECTION**

**Dates Fixed When Various
Auto Models Must Get
Approved Stickers**

RALEIGH, N. C.—The N. C. Motor Vehicle department has issued a new set of rules and regulations designed to speed up the Mechanical Inspection program of vehicles.

The regulations set five deadlines during the remainder of 1948 for various model vehicles to be presented for inspection.

Arthur T. Moore, director of the department's mechanical inspection division, said the necessity for the new regulations was made evident by the fact that at the end of June only 250,185 of the state's 862,252 registered vehicles had been inspected.

The new requirements, which go into effect immediately, stipulate that:

1. All motor vehicles of year models up to and including 1936 vehicles of year models up to and including 1936 and vehicles of year models 1947 and 1948 must be inspected by August 31.
2. Year models 1937 and 1946 must be inspected by September 30.
3. Models 1938, 1939, 1943, 1944, and 1945 must be inspected by October 31.
4. Models 1940 and 1942 must be inspected by November 30.
5. Models 1941 and 1949 must be checked by December 31.

The mechanical inspection law, passed by the 1947 general assembly, requires that all vehicles must be inspected once during 1948 and twice a year thereafter. The commissioner of motor vehicles is given power under the act to promulgate such rules and regulations as he deems necessary to the administration of the law.

By setting up the various deadlines, Mr. Moore said the department could be assured that by the end of 1948 all registered vehicles will have paid a visit to one of the state's 36 mechanical inspection lanes. "In this way," he added, "the lanes will not have to undergo such a tremendous rush at the end of the year."

**Lane Transferred
To Pisgah Forest;
Will Leave Shortly**

Walter L. Lane, timber management assistant of the Nantahala National Forest, has been ordered transferred to the Pisgah National Forest, and will leave here early in August. Mr. Lane, known to friends here as "Loopy", has been with the Nantahala since early 1946, and he and his family have made

their home here.

In his new assignment as French Broad district ranger, he will have headquarters at Hot Springs.

For the time being, his duties here will be taken over by W. L. Nothstein, in addition to Mr. Nothstein's other duties, it was announced by E. W. Kershaw, forest supervisor.

Only a third of all U. S. farms in 1945 were operated by tenants.
