Farm Folk Have Many Motor Mishaps; Tips Given

Records of the National Safety Council show that farm residents have contributed more than their share to the post-war increase in motor vehicle accidents, County Agent S. W. Mendenhall said this week in urging farm residents to practice highway safety.

More farm people are killed in motor vehicle mishaps than in any other type of accident, the county agent asserted. Last year there were 7,000 fatalities and 250,000 lost-time injuries, he added.

## OUR DEMOCRACY—by Met

### THE PRICE OF LIBERTY 1790 and TODAY

These words were spoken in 1790, not by an American but in Ireland by John Philpot Curran in a speech upon the right of election.

They express a sentiment that was strongly felt by the citizens of our Republic and of other countries where the spirit of Democracy was rising and the right of election had been won by the people.

They apply with even greater force today, when the right of free election is being imperiled in various countries in the world. Maintenance of this right requires eternal vigilance.

HERE IN THE UNITED STATES THIS MEANS ACCEPTANCE BY ALL OF US OF THE RESPONSIBILITY TO PARTICIPATE ACTIVELY IN THE ELECTIVE PROCESSES OF OUR DEMOCRACY.

North Carolina's per capita cash farm income increased from \$181 in 1941 to \$550 in 1946.

The first grapevines in Europe were planted on the Rhine River by the German King Ludwig in 842 A. D.
