

Otter Creek

By fifth grade pupils of Otter Creek (Nantahala) school, who are studying printing, both early methods and today's mass production.)

Even though students and teachers are working under crowded conditions, students are showing much progress in cooperation, good attendance, and sportsmanship, under the efficient leadership of Principal Carl Moses.

The parents and students had an enjoyable time at the Hallowe'en carnival. Games, contests, parades, bingo, fortune telling, fishing, and the coronation of the Hallowe'en King and Queen were events of the evening. Miss Joan Jones, daughter of Vincent Jones, was crowned queen,

while Crawford Denney, son of Will Denny, was crowned king. Mrs. Florence Lackey was chosen spook of the evening.

The school patrons and students enjoyed a movie, sponsored by Eugene A. Cope, of Asheville.

A \$50 electrical globe has been given the Otter Creek school by E. V. Bass, representative of the Herff-Jones company, Hendersonville. Teachers and students appreciate this gift.

The people of Long Branch are happy to have their road nearly graveled.

Dr. D. W. Dudley, the state dentist, recently spent three days working in the Otter Creek school. He examined and treated almost 100 children.

Mrs. Frank Shope, county nurse, and Mrs. Edith Conley, her assistant, were in our school for two days recently.

Thanks to Mr. Clint May and the efforts of high school boys, our new typing room is almost completed.

We welcome the two new students, Miss Christine Denny and Miss Roberta Roper, who recently enrolled for the typing and shorthand courses given by Mr. Ray Moses.

Otter Creek Lunch Room, under the direction of Mrs. Cable, is serving over one hundred meals daily.

The enrollment of Otter Creek School is 243. If the enrollment keeps increasing we may be reconditioning the extra room at the end of the gym.

MANY EXPECTED TO ENTER FARM SPEAKING MEET

Bankers Association Offers Prizes To High Students

Thousands of white high school students from throughout the state are expected to participate in the 1949 agricultural speaking contest sponsored by the North Carolina Bankers association, according to J. Frank Doggett, extension soil conservationist at State college.

Several thousand dollars worth of government savings bonds and cash prizes will be awarded to school, county, district, and state winners in the contest, which is designed to stimulate interest in proper land use and treatment.

In a statement this week, John P. Stedman of Lumberton, chairman of the agricultural committee of the bankers association, said:

"The agricultural committee of the North Carolina Bankers association has for many years centered its interest around the protection of the soil of North Carolina, which is the state's most valuable asset. We, as bankers, realize that the prosperity of our people will rise or fall in proportion to the care or lack of care and treatment that the majority of the state's population, who produce a livelihood from the land, give to it.

"Approximately 72 per cent of all North Carolinians live in or produce from the countryside. For that reason, the strongest efforts are needed on the part of business and industry to foster an effective educational

program for proper land use and care. It takes a long time to develop good land, but carelessness and neglect can cause it to lose its value overnight.

"Again this year the bankers association, assisted by soil conservationists, extension service personnel, foresters, and other

agencies takes pleasure in sponsoring a speaking contest covering some phase of soil conservation.
