Get a FORD "PHYSICAL"

Every 5000 MILES

10000

15000

20000

IT MAKES good sense to have your car serviced regularly. The wise motorist makes it a habit to have his car lubricated every 1000 miles, and a complete "Physical" every 5000.

Take a look at your Ford's speedometer, today. If it's nearing a "5000" mile reading, bring it "home" to us for your Ford's "Physical"—which includes a thorough engine, ignition, electrical, wheel and brake check... and a complete inspection of the body.

Make it a habit to let us check your Ford regularly to keep the top performance that's built into your car. It's the right way to catch the "little things" that can develop to make driving unsafe. You'll be surprised how much money you'll save throughout the life of your Ford, with regular Ford care.
